

One day Symposium on Healthcare Management at IIM Shillong

The Indian Institute of Management Shillong, the 7th IIM in the country has taken an ambitious project of training professionals towards improving the operational efficiency and quality of care in healthcare settings. The focus of these proposed courses is to prepare professionals with a deeper understanding of the intricacies of Healthcare Management, which is required for sustainable development of the institutes. The courses would target the Healthcare Professionals of various levels, from the Top Management to the Mid-Level Managers and would have various tailor made modules to meet the needs of the target audience. The methodology of teaching would include Classroom Teaching, Field Visits, Group Discussions, Assignments, Online sessions and Projects. As a prelude to this, a One Day Symposium on Healthcare Management has been arranged on the 14th of March, 2020 in Guwahati. The distinguished speakers will deliberate on the important topics like the Issues & Challenges and Sustainable Management Strategies for Growth, Strategies to Improve Healthcare Delivery in both Government and Private Hospitals, Technology & Patient Safety, followed by a Panel Discussion on Healthcare Quality.

Venue:
IIM Shillong Extension Center
Indian Institute of Bank Management (IIBM)
Khanapara, Guwahati

DATE 14th
March 2020
