

General Management Programme

The General Management Programme (GMP) is designed to support the youth of the region towards career orientation. It would accelerate their personal and professional transformation by providing a multifunctional view of business and management. The program will provide a deeper understanding of how to analyze and capitalize the business opportunities that emerge in any economic environment. This one month program would also enable the participants to expand their confidence to start their own venture and enhance their management skills for becoming job providers rather than job seekers.
