

Faculty Corner

Dr. Basav Roychowdhury presented a talk on "NGN at Access Network" as an invited speaker at the seminar on "Next Generation Networks – Implementations and Implications" held at Delhi organized by Telecom Regulatory Authority India (TRAI). This seminar was organized to develop a roadmap for implementation of Next Generation Networks (NGN) in the country.

Prof Natalie W Kharkongor attended the Meghalaya State Advisory Board First Meeting on 'NRHM' on the 13th August 2011 at The Regional Training Center, Health Department, Shillong. She also attended a Meeting organized by the Government of Meghalaya Finance (Economic Affairs) Department on 'Financial Inclusion' on the 23rd August 2011 at the Main Secretariat Building, Shillong.

ECo Biz Club

Chetna, an initiative by the ECoBiz Club, in collaboration with SBI Laitumkhrah is aimed to promote awareness about social/ecological issues among the youth. Every fortnight a different issue is highlighted. The club's previous issues focused on "Saving Food" and "Preserving Water" in the hostels. This fortnight the practice of "Saving Electricity" is being emphasized. ECoBiz Club takes it as a challenge to convey the message so that as responsible citizens, we understand and use resources optimally and help the millions of people which are deprived of these benefits.

Former Union Home Secretary GK Pillai (centre) speaks in a meeting organised by ICARE in city on Monday. (ST)

IIM Shillong And National Stock Exchange to Collaborate Financial Simulation Laboratory at IIMS in the pipeline

Bringing to live a leadership quest since inception, IIM Shillong is set to become one of the few elite Management Institute in the country to establish a Financial Simulation Laboratory at its campus.

This is the outcome of a strategic partnership build up between IIM Shillong represented by its Director Prof AK Dutta and the National Stock Exchange represented by Mr. GC Sharma, Head Financial Education School & Universities, NSE India Ltd.

"It is my understanding that this collaboration will not only also attract global students for financial markets, but also develop highly specialized skills for students. More importantly we are looking at increasing excellent career prospects and a hugely improved earning capacity," stated Prof Dutta.

The collaboration would also include Certificate Courses under Management Development Programs in the areas of Financial Valuation and Modeling, Derivative Trading Strategies, Financial Engineering, Equity Research, and others apart from jointly offering relevant courses in the PG program.

Expressing his happiness, Mr. GC Sharma said, "We are happy to get this opportunity to collaborate with IIM Shillong, which is well known for doing things innovatively. This surely is a move in the right direction, and would facilitate quality management education in the area of Finance."

The formalities would be completed in the near future.
