Paper Development Workshop

The objective of the workshop is to invite research papers at various stages of development, facilitate and provide constructive feedback. Senior scholars and leading IS researchers from premier institutes across the globe will be involved in reviewing the papers. The Paper Development Workshop is scheduled in *Virtual mode* on **23-May-2022**.

No Registration Fee for the workshop

Who Should Participate ?

The workshop is meant for research scholars, faculty and practitioners targeting papers (completed research papers or short papers) at various conferences/journals. Papers can either be at a relatively mature stage or early stage that can be developed further. Doctoral students, faculty members, or practitioners from any discipline are invited to submit papers related to Information Systems.
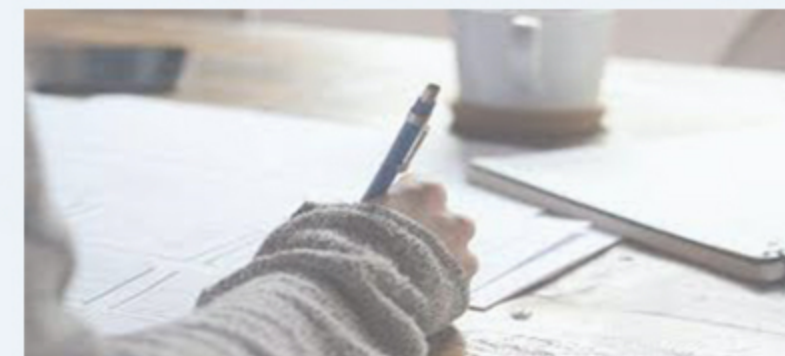

Workshop Modalities

Authors of selected papers will be invited to present their papers at the workshop, where reviewers will provide the detailed feedback.
