INDIAN INSTITUTE OF MANAGEMENT SHILLONG

MBA 2023-25 **(For Working Executives)**

4th batch starting from 21st May 2023

ABOUT THE PROGRAM

A two-year MBA program where live classes are held over electronic mode.

A program custom designed for professionals who aspire for greater roles in their organizations and have the ambition to develop management competencies, and thus feel the need to revisit an academic environment without taking a career break.

This program is envisaged to add value to professionals in business and industry, not-for-profit organizations, not-for-profit organizations, government and policy, research, and academics.

The program will be delivered through live synchronous online sessions scheduled mostly over the weekends. Participants shall be able to put the class room learning into practice and add value to their organizations immediately; the payoff from the classrooms is immediate and compelling.

Integrating their industry experience with the academic inputs, the participants will be encouraged to develop critical thinking abilities to solve managerial problems in a dynamic environment. Leadership and strategic thinking have become ever more critical to success in every type of enterprise, and this MBA program is designed to help the participants develop these.

THE PROGRAM EMPOWERS YOU WITH

- Functional Management Knowledge
- Critical thinking abilities to understand, analyze and communicate innovative alternatives for decision
- Awareness of ethical and sustainability challenges in a changing GLOCAL order
- Skills and attitudes to lead and impact

The program is a niche program and is envisioned differently from other MBA programs –

- **01** The participants continue to work while they study; the application of classroom learning is instantaneous.
- **02** The classes are generally full-day, held on weekends, or on pre-selected evening hours during the week thus requiring time away from work.
- **03** While the program employs technology to enhance learning, we stress in-person participation in classroom discussions, considered critical to the learning experience.
- **04** The participants experience in-campus immersion.
- **05** The program, being a two-year master degree program, allows the participants to pursue higher studies like PhD after successful completion.
