Message From Director

Dear Recruiter,
Greetings from IIM Shillong!

I am pleased to welcome you to the placement activities of the 10th batch of the Post Graduate Programme for Executives (PGPEX) of our Institute. Through this brochure, we are trying to provide you with an explicit overview of our programme, activities, and the placement process.

Let me give you a quick background. Indian Institute of Management, Shillong was established in the year 2008 by the Government of India, Ministry of HRD, to offer world-class management education and research in the country. The vision of the institution is to become an internationally recognized management Institute with a global outlook grounded in Indian values. We have completed 14 years and have made all efforts to fulfilling our vision. Our emphasis has been to create young, vibrant, and dedicated managers and thought leaders, intellectually and emotionally competent to meet the challenges of the organization, both at the national and international levels. With this vision, we started full-time residential Post Graduate Programme for Executives in 2012.

The Post Graduate Programme for Executives gives a holistic view of the business in India and abroad, a unique course designed for the working executives having more than five years of experience in the diversified industry, wherein students join the institute and spend around forty-five days in a foreign country. Students this year are participating in the academic curriculum of EADA, Barcelona, Spain. The PGPEX program is an international program open to all students from across the globe, and it has been designed for young executives across geographies.

We welcome you to visit our campus.

With warm regards

Prof DP Goyal
Director

Message From Program Chair

Dear Recruiter,
Greetings from IIM Shillong!

I take this opportunity to introduce the 10th batch of Post Graduate Program for Executives (PGPEX) – the one-year residential EMBA program participants. The

program aims to develop certain core competencies in all its participants, making them true GLOCAL (Global + Local) managers with the right contextual competence. Each batch participant has exposure to a transnational work environment through the immersion program at EADA Business School, Spain where they were involved in company visits and live projects and have undertaken five courses towards Transformative Leadership for Future Challenges. The diversity in the current batch, be it in terms of academics or corporate exposure, has enhanced peer-to-peer learning. The participants have developed the competencies, skills, and attitudes to lead and impact across the global landscape.

I wish the batch and their recruiters meaningful times ahead!!

Prof. Sharad Nath Bhattacharya
Chairperson PGPEX

Message From Placement Chair

Dear Recruiter,
Trust you are spear heading promising times !

Ours has been a generation, which needs more resilience than ever. Nations are continuing to grow more and more interdependent while growing tolerant of their cultural and historical differences; technology enables solutions which were so far unfathomable, thus the future needs a set of managers who could lead businesses as meaning making responsible entities. I would like to take this opportunity to invite you to further your efforts in mobilizing the right resources for your company

– the Talent Capital. We at IIM Shillong have a group of Executive Participants, who are awaiting to engage with recruiters who are willing to grant them an opportunity. The opportunity to further the mandate of their employer, anchor them to their own context and then add on to the past efforts towards growth and development.

I welcome all those recruiters who believe in the mandate of responsible business which could solve some of the world's bigger problems, than just creating wealth.

Please come, visit us in Shillong and explore a world which we have created for the future to cherish,

Prof. Rohit Dwivedi, D.Phil.

...where the
greens
touch the
clouds

Located at an average altitude of 1496 metres above the Main Sea Level, Shillong is nestled in the Khasi Hills, covered by the green cornucopia and the dreamy clouds. Shillong, a city full of life and a place to be, is the capital city of Meghalaya – “the abode of clouds”.

It is one of the leading education hubs in the North East with many schools and colleges specked in the picturesque settings. The city has beats and rhythms in everything: the church bells, the choirs, the rock bands and music flows in every nook and corner.

Surrounded by the hills, the city is in the vicinity of many beautiful tourist spots: Shillong Peak, the Elephant Falls, and the Ward's Lake. The rains and mist in the air add to the charm of the place. As many have rightly quoted, the places in and around Shillong reminded many of the rolling greens of the Scottish highlands – thus it is also known as

“Scotland of the East”. The human eyes' thirst for beauty can be quenched by the scenic surroundings of Shillong.

The full glory of Nature can be seen in the forests, lakes and waterfalls that are present in the region. For the adventure seeking souls there are challenging trekking routes in Smit Valley or the David Scott's trail. Just near to it is Cherrapunji which offers many more places to sooth one's eyes with Nature's beauty. In Shillong, the hills keep reckoning the heart with its charm and so it's best to keep your cameras and back packs ready!

And for conventional tourists, Shillong offers no less! The Elephant falls, Wards lake, Shillong Peak, Capt. Williamson Sangma State Museum, Cathedral of Mary Help of Christian, Sweet Falls and Don Bosco Centre are a few notable tourist spots in and around the city. Be it the “Sacred Groves” of Mawphlang, the engineering marvels of the “Living Root Bridges” or the resplendent Nohkalikai Falls, every place is a cynosure for the eyes.

MIILESTONES

01 2008

- Beginning of a journey called IIM Shillong: Collaboration with NSE

02 2009

- Students presented papers in international conferences in Sydney and New York

03 2010

- IIM Shillong made its presence felt in various summits like NASSCOM, AIMA and many more

04 2011

- IIM Shillong entered into an MoU with the ASPIRe (Assam State Public Finance Institutional Reforms) Government of Assam

About Institute and Course

INSTITUTE

IIM Shillong has been set up with a vision of providing quality management education and research in the North Eastern region of India. The decision of coming up with an Indian Institute of Management in the North East was unanimously taken by the Union Minister of Human Resource Development along with the Chief Ministers of the North Eastern States in the Review Meeting held at Shillong during June 2004. Shillong was drafted as the permanent location for the institute after consultation between the Ministry of Development of North Eastern Region (DONER) and the Chief Ministers of States of the region.

Located in the green contours of North Eastern part of the country, IIM Shillong which commenced operations in 2008, remains committed to its goal of excellence in management education and research so as to evolve into a nationally and internationally recognized educational institution.

Besides high quality standards and academic rigor, which are considered as the hallmark of an IIM, in IIM Shillong there is also emphasis on the ever growing significance of sustainable development and business practices. The Institute strives to impart to its students ethical values, compassionate behavior, and concern for society.

To ensure a holistic management education and to help the graduates grow into innovative leaders of the future, the Institute provides opportunities outside the classrooms, be it industrial interactions, sports competitions, cultural activities or entrepreneurial pursuits. The quality of instruction, rigorous course curriculum and exposures that the students get at IIM Shillong when coupled with their Summer Internship experience makes them adequately prepared and confident to face the challenges of the corporate world.

COURSE

The program endows a transformational journey that opens up new avenues for your future career. Expanding one's 'points de vue' and fostering meaningful connections while studying alongside growth-oriented peers, one builds the competencies that differentiates them to lead business operations across the transnational landscape. During the twelve-month program students develop critical problem-solving skills with functional management knowledge that brings a contemporary solution to today's challenges. They engage with the collaborative community at IIM Shillong to build curiosity that makes one aware of the ethical and sustainability challenges in business and society and the disruptions catalysed by the emerging technologies.

As we see strong trends reshaping the working space and the need for critical skills and organizational capabilities with demand for networked learning, the program curriculum has undergone changes to remain contextually relevant and develop in its participants such competencies which are essential for thriving in today's networked and increasingly collaborative organizations. Since its inception, the PGPEX program has focused on managing businesses in emerging markets. The program for the tenth batch is more global in its curriculum while recognizing the need to contextualize and cater to the needs of transnational communities. The international module of the program ensures that each participant gets insights into the economic, social and cultural aspects of emerging countries. Each participant gets first-hand exposure to the country during the visit and understands the contemporary situation and society's evolution. The workshop series and innovation camp are the hallmarks of this program that provides an opportunity to think outside the box and translate your innovations, creativities and insights into something relevant.

The Program Mission

- Exposure in transnational work environment
- Functional competencies
- Innovative and Integrative approach to problem solving
- Attitude to managing organisation through data
- Ability to appreciate nuances of responsible management
- Skills and attitudes to lead and impact

The Program Highlights

- Global curriculum with emerging insights.
- International in-company training / live projects.
- Focus on in-demand Skill
- Demonstrate critical thinking ability
- Spirit of Intrepreneurship
- Peer Learning and Networking opportunities
- Career Management Services

- Aristotle”

CAMPUS

The serene ambience of IIM Shillong surrounded by pine trees, lush green lawn and the kaleidoscopic mountains in the backdrop creates an aura of stunned silence amidst nature. Within the heart of Shillong city, the IIMS campus showcases a tranquil environment where the students can concentrate on their regular activities.

The sprawling 120 acre Umsawli campus is the centre of a rich history transformed with state-of-the-art facilities, all in the lap of nature. Our 'campus in the clouds' is the perfect interface for peace and pace. It is the ideal setting where industry, academics, policy, the world of business and personal transformation meet.

CLASS ROOMS

All the class rooms are aesthetically designed with high tech infrastructure and are fully equipped with modern facilities to help participants in their learning process. Each class room has a smart board with Internet connectivity.

This relieves the participants from jotting down class notes, and instead concentrate on the discussion. The class jotting on the board can be mailed to the email accounts of the participants after the class. The classes are also provided with high speed wireless internet connectivity, so that necessary literature from different databases can be downloaded to enhance classroom discussion.

Most of the class rooms are provided with wireless microphone facilities. These classrooms are also equipped with videoconferencing facilities.

STUDY ROOMS

Dedicated study rooms are provided in every hostel and also as standalone rooms in between which provide a unique place for the student to come together for exchange of ideas and knowledge. They are provided with printing, scanning and computing facilities at all times.

HOSTELS

IIM Shillong offers fully residential facilities to all the participants. The hostels offer the candidates a home away from home and are equipped with all the requirements including laundry, mess services, library and high speed LAN connectivity.

KNOWLEDGE CENTER

The Knowledge Centre (library) of IIM Shillong, which is one of the most modern and tech savvy libraries in the country, has started functioning right from the time of inception of the Institute. Our goal is to make the library one of the most vibrant and productive branches of the Institute so that it may keep pace with the global, dynamic and technology enabled information age, and meet the expectations of its end users.

With the above aim in view, within a short span of time, we have acquired an excellent collection of management related books, journals and non-book materials, which we consider as our greatest asset. The library maintains separate collection of reference books, textbooks, general books, working papers and other documents, whereas the non book collection consists of video cassettes, Compact Discs, etc. Faculty members are requested to make regular requisition of latest books to add value to the Knowledge Centre and equip the library with the latest collection of books. The library also has the latest collection of periodicals, magazines and newspapers. We have also begun the process of updating the Centre with rich collection of both Indian and Foreign Journals for which the process is underway.

E RESOURCES

Equipped with the latest E-Resources (E-Books, E-Journals, and Data-base) such as CMIE – Prowess, ISI-Emerging Markets, ProQuest, and EBSCO – Business Source Complete. We have also installed Bloomberg Terminal to help students access information. We also have access to HBR cases which are widely used by all students and faculty members. The Library also has some special collections of

- i) EXIM Bank,
- ii) World Bank, and
- iii) Harvard Business Review.

The Knowledge Centre also joined the IIM Consortia Cross Sharing of E-Journals with three Publishers:

- (i) Taylor and Francis,
- (ii) Wiley- Blackwell and
- (iii) Springe

RECREATIONAL RESOURCES

IIM Shillong conducts various recreational events to keep the students adept with a sustainable, healthy, and stress-free lifestyle. Our Campus provides various resources for such purposes so that the students participate and reap the benefits of such events.

AUDITORIUM

The institutes provides for an auditorium within the campus, surrounded by lush greenery which serves for many academic as well as extra-curricular activities of the candidates.

ARRANGED TIE UP WITH AIMS (ASSOCIATION OF INDIAN MANAGEMENT SCHOOLS)

- American Library, Kolkata
- ASSOCHAM (Association of Chamber of Commerce)
- British Council Library, Kolkata,
- Exim Banks
- All IIMs across the country
- HBSP (Harvard Business School Publishing)
- IGCC (Indo-German Chamber of Commerce)
- AACSB International (Association to Advanced Collegiate Schools of Business) .
- National Institute of Rural Development (NIRD)

Student Committees

PLACEMENT COMMITTEE

The committee works towards building new relationships and fostering the existing ones with the corporate world, by understanding its changing requirements and matching them with diverse individual aspirations of the candidates at IIM Shillong. The Committee assists the cohort of experienced executives of the program in identifying their core competencies and helps to look out for roles and positions that the affiliate might be willing to grow into, post their full-time residential management program.

The committee is responsible for building and maintaining database of companies and establishing strategic links for campus recruitment. It collaborates and sets meetings with HR department and TPO's. Placement Committee here at IIM Shillong envisages an ideal interface between industry requirements vis a vis student aspiration, in that the right person for the right job is ensured. Making sure the industry benefits from the students in terms of taking up roles and responsibilities and contributing to the growth of the organization. of the organization.

PUBLIC RELATIONS COMMITTEE

The Public Relations Committee of IIM Shillong acts as the interface between the institute and external entities such as corporates, media, and other business schools. It aims at creating, fostering, and managing professional relations with each of these entities. The committee organizes events such as iLeads, Contextual Leadership Talk, Industry Connects, etc, which enhances the visibility of the institute and gives the opportunity to the students to interact with Industry Leaders. The related press feed is constantly shared on social media handles..

STUDENT AFFAIRS COMMITTEE

The Student Affairs Committee is the face and soul of the cohort. The representatives try to create an invaluable and enriching MBA experience for all the students through continuous academic, professional, and social initiatives. Be it Interactive events, team-building activities, or virtual jam rooms, the committee ensures that fun and learning never stop. Additionally, it acts as a pivot for smooth coordination between all other student committees. The committee ensures that each participant inculcates a sense of belongingness and is given an equal opportunity to bask in the community first spirit, which is the exemplary "IIM Shillong way" of achieving goals.

ALUMNI COMMITTEE

Alumni are the most loyal supporters of institutions

The Alumni Relations Committee has been set to strengthen the relationship among alumni, students, faculty and the other members of the IIM Shillong family. The committee aims to strengthen, nurture and leverage the vast industry exposure and experience of our alumni network in the course of institution building.

As a representative of the program, the PGPEX Alumni Committee acts as a single point of contact between the global alumni of the IIM Shillong PGPEX program and the institute. It fosters a conducive environment for the dissipation of data, insights, knowledge, and experience between the alumni and the ongoing participants, through engagement events, to further enhance their peer learning.

HOSTEL COMMITTEE

The Hostel Management comprises of warden and hostel manager, who are assisted by a student body viz. Hostel Committee. Hostel Committee comprises representatives of students from the ongoing PGPEX batch. They work with hostel residents and representatives of different departments to ensure a safe and comfortable stay for students. They act as facilitators between students and the hostel management to ensure adherence to hostel norms and to maintain a healthy residential environment.

SPORTS COMMITTEE

Sports is one of the areas where every management concept is applied and tested. At IIM Shillong, the PGPEX sports committee aims to organize events and activities all year round that would strengthen the leadership skills and foster effective teamwork among the participants to prepare them for future leadership roles. Through these events, students get to enhance strategic skills and inculcate competitive spirit.

CULTURAL COMMITTEE

The Cultural Committee of IIM Shillong PGPEX strives to celebrate the cultural diversity on the campus by organizing various festivals and events throughout the year. The committee provides enough opportunities for the students to relax and enjoy campus life amidst rigorous academics while showing their creative talent. The committee tries to bring a smile and spread joy among the students of IIM Shillong by celebrating every possible festival and event on campus.

International Immersion

As part of the PGPEX program in Indian Institute of Management Shillong, students will get an opportunity to engage in the foreign immersion programme, which promotes cultural awareness and helps students grasp the region's economic, commercial, and geopolitical environment.

The MBA programme combines classroom study of fundamental and advanced management concepts with real-world experience, including an international consulting project wherein students engage with companies on real-world issues and solutions. This experience will aid students in comprehending global business processes and practises while comparing and contrasting the same with those in India.

This year the batch visited EADA business school in Barcelona, Spain. EADA Business School is accredited by EQUIS and AMBA, and is ranked among the top 30 business schools in Europe. The course curriculum is in conformation with the program competency goals with the region's flavour.

The faculty lectures at a global institute and interaction with industry professionals during Live projects would widen the personal and intellectual horizons of students to better prepare them for leadership at a global level.

Placement Procedure

PLACEMENT ACTIVITIES

PRE-PLACEMENT TALKS/CORPORATE PRESENTATIONS:

Pre-placement presentations enable organizations to inform students about company's business, work culture, organizational structure, career, and growth opportunities. We recommend a presentation and a Q&A session by the company with the students along with the placement committee. There is provision for Video conference to facilitate the recruitment for interested companies. This year the season Commenced from April 2022 and Companies can approach the placement office for scheduling on campus placement. The committee can also be approached for assistance on transport and lodging facilities at the campus.

KEY RECRUITMENT POLICIES & GUIDELINES:

PLACEMENT COMMITTEE IS THE SINGLE POINT OF CONTACT

Companies interested in conducting recruitment activities at IIM Shillong must contact a placement committee member for placements. Companies are requested not to approach the participants directly. IIM Shillong follows a grade non-disclosure policy.

OFFER NEGOTIATIONS

Compensation and other terms of employment should be negotiated directly between the company and the participant.

OFFER COMMUNICATION

Offer to the selected candidates should be communicated through placement committee.

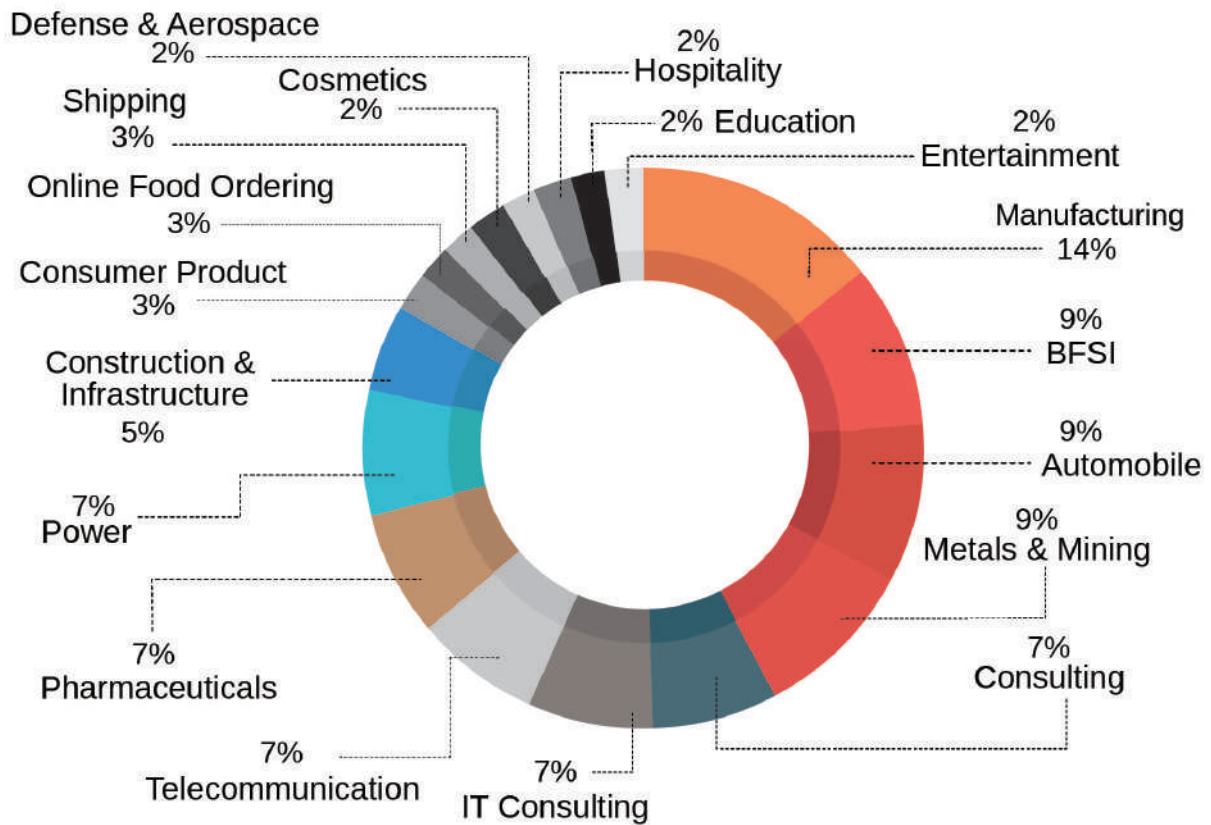

REPORTING STANDARDS COMPLIANCE

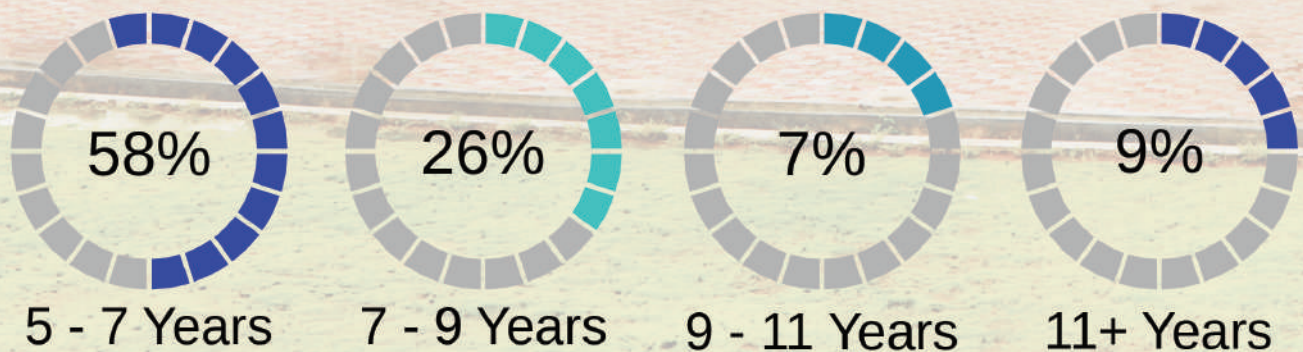

Companies are required to provide the final offer details as per the reporting standards followed by IIM Shillong. Details can be sought from a placement committee member.

STUDENTS PROFILE

Previous Employers

Sanjivani Digital Entertainment Pvt Ltd (Head of Marketing and Business Development)

MyShopie Services Pvt Ltd (Co-Founder)

Work Experience
6 years 5 months

LinkedIn

Abhishesh Kashyap

B.Tech Electrical Engineering
(Giani Zail Singh, Punjab
Technical University Campus)

Insightful Strategic Alliance Partner with 6 years 5 months' experience devising and implementing marketing campaigns, Strategic Planning, Operations, business development and Entrepreneurship.

Leadership Engagement

- Executed key business projects that helped the company grow throughout the lockdown, increasing revenue by 400-500% in a span of 6-7 months.
- Delivered new proposals to major industry labels, meeting them and successfully secured new business with them
- Hired and managed a workforce of 21 employees

Product Development

- Helped starting a new vertical (ST Digital) in digital music distribution which had a dashboard for CMS that enabled users to manage their own audio/video content
- Successfully designed a complete customer service resolution system
- Developed a new approach for video content inclusion that helped expand the client base

Project Management

- Defined key factors like free subscription, zero fee promotion and quick customer support that helped grow and retain the customer base own audio/video content
- Implemented brand recognition and management by collaborating with DSP giants like Facebook, YouTube and other social media platform
- Enhanced the platform to make it more user-friendly and accessible to those without a technical expertise
- Helped launching a new branch in Victoria, Australia for overseas

Entrepreneurial Experience

- Co-founded an e-commerce company wherein the local businesses were provided with a software platform to target a bigger customer base across regional boundaries.
- Increased the customer base to 15000+ in the first 3 months
- Introduced new methods, practices and systems to reduce turnaround time like direct calling and quick grievance redressal
- Organizing business activities and delegating duties to appropriate managers
- Boosted brand awareness and lead generations while managing internal and external marketing campaigns and programs

Awards & Certifications

- Sanjivani Ratna award in 2018, 2019, 2020
- Mr Wavor (Performer of the Year) in 2014

Chirag Patni

Bachelors in Commerce

Diverse experience ranging from managing a Sales, Communication and Soft Skills training team to managing a 5-member self-run business

Previous Employers

Saroj Steels Pvt Ltd.
Shriram Life Insurance
IBM India Pvt Limited
Concentrix Daksh Services
India Pvt Ltd

Vivanta (Self-employed
TE Connectivity services India
Private Limited

Work Experience
17 Years

LinkedIn

Entrepreneurial Experience

- Single handedly founded and managed an Iron and Steel trading firm and worked primarily with OEM industry
- Employed 5 people during the stint and achieved an annual turnover of close to 4 Cr
- Handled the Sales, Marketing, finance, sourcing and branding along with the overall management of the company
- Negotiated the pricing and payment terms with suppliers and buyers
- Financial reporting and accounting of the firm

Business Development

- Managed a business portfolio of 60+ customers with an annual revenue of approximately 180 million by acquiring and sustaining large OEM franchise and individual network workshops, ensuring tied-up annual sales
- Realized revenue increase of 50% in 6 months in FY 2005 by acquiring 8 major clients in the assigned territory
- Analyzed market trends, forecasted revenues, and identified key value drivers, opportunities and risks to prepare annual strategic plans
- Managed and delivered large exhibitions of the steel industry
- Delivered the company's first major long-term client
- Established presence in unexplored markets
- Market share improvement from 18% to 37%
- Provided various trainings on sales skills and help them understand the importance of Customer service

Strategic Planning, Operations & Recruitment

- Evaluating and catering to the needs of the different audience goals and experiences by preparing sessions
- Framing policies, consolidating the calendar with manpower planning and ensuring adherence to plan
- Steering data analysis and performance gauging
- Interviewed over 2000 people for various roles and positions
- Resolving team escalations; streamlining the process for enhancing productivity and efficiency
- Implementing various stakeholders projects through standard and structured approach of project management
- Steered efforts towards Leadership Development (Personality, Confidence, Conflict Resolution, develop a vision, make feasible operational plans and targets, Program Management)
- Worked towards Team building skills

Achievements

- Rockstar award for being the top performer in Q2 2018
- Beyond the Call of duty award in Q2 2019
- Platinum award in Q3 2019 for VOC and performance (Awarded by Client)
- Received recognition from the CEO Christopher Caldwell for successfully planning, designing, organizing the CSR project at Sanghol
- SVSU award for contribution in planning and executing the training and development program for students in college

Divya Mohan

B. Tech (Electronics & Communication Engineering), University of Calicut, Kerala, Schooling from Kendriya Vidyalaya No 1 Palakkad, CBSE, Kerala

An experienced, Lead-Learning and Development, Digital Transformation Professional with 7 years of IT Industry experience in empowering a digital-first approach to learning. Creative Problem solver and self-starter with extensive client engagement skills

Previous Employers
Infosys, Bangalore

Work Experience
7 Years 10 Months

LinkedIn

Digital Transformation and Software Development

- Worked in one of the prestigious project teams in Infosys named "LEX" learning experience app and I was involved in content development and feature development from the scratch, as well as branding the product to clients
- Hosted a week-long workshop at the VISA client location for experienced folks single-handedly and got appreciation from the client level and organization level

Leadership

- Led a team of 3 for the Ameriprise Financial client where the CI/CD pipelines were automated by integrating the code on the shared repository
- Implemented the latest technologies to provide value-added business solutions as per the client's requirements and worked as a subject matter expert

Certifications And Training

- Certificate for Certified Scrum Product Owner offered by Scrum Alliance
- Udemy-Google Cloud Associate Cloud Engineer Certificate
- Udemy-Python for Beginners Certificate
- Attended Techzooka workshop for Blockchain Testing
- Actively participated in the Creative Confidence Workshop
- Attended Selenium meet-up session
- Attended Jenkins Automation Meet up
- Attended Design thinking workshop

Co-Curricular

- Elected as an Office bearer of the Public Relations Committee at IIM, Shillong for the current PGPEX batch 2022-23
- Served as the Secretary of the Infosys Toastmasters Club, Bangalore

Awards & Achievements

- Awarded for All India Women Achievers Award (AIWAA) 2022 in the category of Outstanding Professional women
- Received National Level Prime Minister Scholarship during graduation
- Awarded for best speaker and Role taker in Infosys Toastmaster Club
- Received note of Appreciation for exceptional value delivered to the company by working on the LEX project

Extra-Curricular Achievements

- Won Gold medals for various fitness challenges like "100 Days of run", "At home Challenge" and PINKATHON events
- Volunteered for an NGO "Shiksha" and conducted seminars "Educating a Girl Child", and "Importance of Education" for underprivileged kids
- Certificate for attending Iron Lady Workshop which helped me to polish my leadership skills

Mukesh Sah

B.Tech. Mechanical Engineering (NIT Durgapur)

Quality-driven and industrious Professional with experience in operations and manufacturing management, material and packaging procurement and shop floor management, Capable of identifying the scope for planning, implementing & monitoring of changes to enhance efficiency, process flow and working practices

Previous Employers

ALPLA India Pvt Ltd Uttam
Value steel Limited

Work Experience
6 years 6 months

LinkedIn

Operation and Planning

- Collaborated with European Management Consultant for 1 year for an operation excellence project (CTO) and designed internal control systems leading to 20% increase in monthly production and dispatch targets

Operation and Planning

- Single-handed Implementation of operational excellence project in three different plants at different locations of India
- Designed and implemented strategies as per the business requirement and translated production, maintenance plan and projects like Shutdown, predictive and corrective maintenance according to the requirement. Saving of 3cr by implementing year shutdown plan during off-season consecutively 2 years in 2018 and 2019
- Collaborated with other functional departments, teams and various level of hierarchies on capital projects (design and implementation, budget preparation of worth more than 200 cr every year) and process improvement projects
- Implemented the production plan by coordinating material movement and equipment operation to meet customer specifications - including quality and delivery requirements of P&G and J&J
- Ensured daily execution of maintenance (Predictive and Preventive) and shutdown plan as per AlplaPROD ERP module
- Assisted the New product development team to produce new grade steel in which the whole process is tracked from SMS to CRM

Continuous Improvement

- Executed cost-saving project and pallet utilization to reduce space constraints and packaging feasibility, which led to saving of \$25k monthly
- Implemented production display system of CTO to improve productivity at ALPLA Sitarganj unit, led to efficiency improvement by 2%
- Reduced downtime by 20% through parallel job identification, and preventive maintenance of critical equipment.
- Defined key factors for flow and efficiency reduction issues
- Motion study of packaging bottles and caps after production improving the packaging efficiency by 15% thereby reduction of one packing manpower
- Designed roll stand for steel strips used for cold rolled mill shop - Improved safety of shop floor

Awards & Certifications

- ALPLA India recognition Award for Highest Sales- 2020
- Award for best safety slogan and poster making- 2019
- ALPLA India recognition Award for Kaizen - 2018
- ALPLA India recognition Award for operational excellence- 2018
- ALPLA India recognition award for packaging inventory optimization- 2018
- Participation award for designing and manufacturing ATV vehicle (Virtual and dynamic round) -2014
- Participation award for essay writing- 2015

Co-Curricular

- Member of Hostel Committee, Office Bearer - PGPEX22-23 Batch

STUDENTS PROFILE

Previous Employers

Elta Fans India Pvt. Ltd.
TIL Limited (Tractors India)

Work Experience
10 Years 7 Months

Atanu Pal

B.Tech. (Production Engineering),
Haldia Institute of Technology

Seasoned professionals with over 10 years of experience in Operations Management, Manufacturing Processes, Strategic Planning, New Product Development and Cost Management

Leadership and Teamwork

- Responsible for driving overall production activity of shop floor
- Lead a team of 60+ members to facilitate system implementation and module development
- Implemented best practices to achieve operational excellence and to adhere superior quality

Operations Management

- Analyzing scope for planning, implementing & monitoring technological changes to enhance the overall operational efficiency
- Simulate strategic transformation towards productivity, cycle time reduction and quality improvement through Kaizen activities
- Determined operational feasibility by defining the problem, analyzing requirements and assessing proposed solutions
- Monitoring the production schedule, productivity, and product quality to meet the target
- Implementation of 5s

Process Improvement and Product Development

- Introducing process improvements to enhance the operational efficiency of the unit and minimize process wastage by identifying the non-value-added activities
- Implementation of Poka-Yoke and 7-QC tools in the quality control system to produce zero defect structures
- Determined operational feasibility by defining the problem, analyzing requirements, and assessing proposed solutions
- Successfully implemented techniques of the specialized formed boom manufacturing process

Achievements

- Acknowledged & rewarded for formulating an innovative idea for Accelerated Improvement Programme
- Explored alternate sources of cutting and welding consumables items and subsequently reduced cost by more than 50% w.r.t. previous source
- Participated in the export project like fabrication of GMK chassis for Grove-Manitowoc cranes, RTG structure for Mitsui Engineering & Ship Building and earned appraisal for the excellent manufacturing

Certifications

- Certified Scrum Product Owner (CSPO), Scrum Alliance
- Six Sigma green belt Certification
- Auto CAD

Previous Employers
Punjab National Bank

Work Experience
5 Years 7 Months

LinkedIn

Amlesh Kumar Mohapatra

B-Tech (Information Technology)
Malaviya National Institute of Technology,
Jaipur

Passionate professional with 6 plus years of work experience in HRD and Core Banking domain

Human Resource Management

- Experience in Manpower Planning of 105 Offices and Staffing of 1400 Employees, and meeting contingency Manpower Requirements in times of crisis
- Worked on Profile Analysis of employees of varying designations to do appropriate staffing and identify training needs

Human Resource Management

- Proficient in using HR software and Excel, and hands-on experience in Data Cleansing and Data Standardization in the Employee Database
- Carried out end-to-end processes of Recruitment of various cadres
- Looked after Employee benefits and successfully handled employee grievances by providing timely resolutions

Financial Administration

- Experience in Routine Banking Operations involving Opening, Closing and Maintenance of Accounts, Transaction Management, Third Party Products and ATM handling
- Adept at feasible planning and meeting of targets and deadlines as regards CASA, and NPA recovery
- Hands-on experience with Core Banking System (Finacle 10) software and handling of Queries arising on the CBS platform
- Hands-on experience with Core Banking System (Finacle 10) software and handling of Queries arising on the CBS platform

Financial Administration

- Led the team at the Branch in challenging situations and motivated the team members to deliver their best under various trying circumstances to ensure customer satisfaction and smooth functioning of the Branch
- Efficient at strategy making and dividing bulk quarterly targets of the Branch into modules for individual assignment to team members for greater productivity
- Experience in Hall Management of Branch, comprising tasks such as customer handling, managing premises issues, handling technological and infrastructure bottlenecks, and enabling friendly and open inter-staff relationship

Certifications /Skills

- JAIIB Certification from IIBF
- Knowledge of Python, Tableau, Statistics, and DBMS
- Certified Scrum Product Owner from Scrum Alliance
- Certification in MS Excel
- Diploma in Multilingual Computer Application from CDAC

Chukka Ramakrishna

B. Tech. (Mechanical Engineering),
Gudlavalleru Engineering College, AP

Product and Quality Engineer with 5+years of experience in product Quality Assurance, Quality control and product development of Defence and Aerospace systems

Previous Employers

VEM Technologies Pvt. Ltd.
Shailaja Enterprises
Engineers & Contractors

Work Experience
5 Years 1 Month

LinkedIn

Product and Quality Management

- Handled the customer complaints and product approval of missile systems for customers across India and international countries. Major customers are DRDO, RCI, BRAHMOS, BDL, HAL, RAFAEL (ISREAL), and RAYTHEON TECHNOLOGIES (USA)
- Collaborated with various internal teams such as PPC, Production, Methods, Logistics, etc., for timely production and supply of the superior quality material as desired by the customers

Product and Quality Management

- Successfully deployed statistical tools to increase productivity and elimination of defects
- Identify and approve the supplier as per the scope of work. Perform the supplier audit as per AS9100D
- Ensured effective collaboration with suppliers for "on-time," "on-cost," and "quality" product delivery
- Prepared QIP (quality improvement plan) based on the customer's rating
- Prepared the quality assurance plan and formats for various missile systems and assemblies
- Performing the FAI (First Article Inspection) as per AS9102B for the first product approval
- Conduct the PFMEA process for risk assessment
- Developed the prototype for new product and perform the test and take clearance from customers

Process Improvement

- Improved the process for the Ventilator project in the BrahMos missile, lowering the rejection rate from 32% to 2%
- Reduce assembly time for the frame and switching device projects by implementing the assembly process
- Process execution reduced fin rejection in the RAFAEL project from 180 to 2 no's

Achievements

- Best Employee of the Year in the year 2018
- Appreciation from Raytheon Technologies (USA) for the timely completion of the Fin folding assembly project
- Best kaizen award for the ventilator project (BrahMos missile) where I reduced the rejection from 32% to 2%
- Secured First prize in the 3D-Modelling conducted by the Mechanical Engineering Association
- Certifications - CSPO, LEAN SIX SIGMA GREEN BELT, Auto CAD, PROE

Anurag Sharma

Chartered Accountant, Institute of Chartered Accountants of India
B. Com, University of Mumbai

A Chartered Accountant with 6.5 years of work experience in Credit & Risk domain. Experienced at launching new industry verticals for major conglomerates and strategizing policies in challenging situations. Adept at managing multiple projects and meeting stakeholder expectations

Previous Employers

Godrej Housing Finance
Limited
Piramal Capital & Housing
Finance Limited
Reliance Capital Limited

Work Experience
6 years 5 months

LinkedIn

Leadership & Stakeholder Engagement

- Looking at the leadership void at one of the branches, I led the branch by taking responsibility for decision making, leading high-value deals, and delegating responsibilities. Over 6 months, the monthly business grew from Rs 30 Cr. to Rs 100 Cr and the branch became the best performing branch for the company
- To reduce disagreement and speed up case processing, I started cross-functional training sessions, which resulted in a fifty percent reduction in TAT
- Led the setup and development of the central underwriting team at Godrej Housing Finance

Strategy & Innovation

- During the Indian NBFC liquidity crisis, I presented an action plan that assisted the company in navigating the crisis effectively
- Formulated the Credit SOPs and Balance Transfer Policy
- Was part of post COVID strategy team which developed Digital Sanction system, Instant Sanction tools and email login process. This helped sanction & disburse cases with minimum customer touchpoints and tap the market void created by companies that were slow to innovate
- Successfully developed a Banking System Analysis tool for appraising self-employed consumers and standardizing personal discussions across branches
- As an Area Credit Manager, I held training sessions for several sales channel partners, which resulted in a direct boost in revenue and long-lasting partnerships

Financial Analysis

- Handled countrywide credit underwriting of mortgage applications worth more than 5 Cr
- Analyzed and reviewed countrywide portfolio of US\$1.80 Billion based on various risk parameters as well as highlighted nonstarter accounts and early warning signals to senior management; Further, suggested changes in product policy and process

Co-Curricular & Achievements

- Member of the Placement Committee, Office bearer - current PGPEX batch
- Piramal Heroes Award FY 2017-18 for exceptional performance during the pre and post launch phase
- Star Performer Award FY 2018-19 from MD of Piramal Capital & Housing Finance
- Part of Piramal Group Leadership Program

STUDENTS PROFILE

Dibandu Kundu

Bachelor in Engineering
Electronics & Tele-Communication
University of Pune

A result-driven curious mind with 8 years of experience in the startup and corporate eco-system

Previous Employers

Livpure Smart Homes
Fizzible Tech Pvt Ltd.

Work Experience
8 Years

LinkedIn

Product Management And NPD

- Led the team in the design and launch of new products, onboard and aligned stakeholders from the back end like vendor partner, Product head, VP of BU & D2C, CEO, and other teams like operations, sales, marketing, finance, and CS
- End-to-end ownership of the custom products category. Improved the customer satisfaction & TAT by 400%

Product Management And NPD

- Managed the SCM of all products in sleep wellness BU, pan India and established and managed vendor partners & SCM for the existing portfolio
- Developed new vendor partners for the northern and southern zone
- Reduced the COGS by 30% and improve the GM for the BU. Revamped the product packaging to enhance customer delight
- Initiated inventory and production planning for the complete BU. Led the quality control unit
- Launched 12 new SKUs in 4 Product categories, which established a new revenue stream for the company. It reduced the dependency on the current portfolio
- Collaborated with the marketing and sales team for Inventory requirements, based on demand. The monthly revenue shot up to 10cr from 1.5cr from this exercise in 4 months

Category Management

- Transformed the Revenue model of the startup from B2C woo commerce to a B2B multichannel electronic component Distributor
- Completed ownership of 6 categories right from customer acquisition to final delivery and post-sale grievances. Designed the pricing strategy based on the market condition and competitors
- Designed and trained the sales, marketing, and procurement teams. Updated the SOP as per product category and supply
- Finalist in the India chapter & Led The team India in TIE global entrepreneurship awards held in Denmark and Singapore

Anshuman Panigrahi

B.Tech in Civil Engineering ,
Veer Surendra Sai University of
Technology, Odisha

A passionate professional with over 6.5 years of experience in various roles and verticals of infrastructure projects

Previous Employers

Larsen and Toubro Limited,
Construction Division

Work Experience
6 years 5 months

LinkedIn

Project Management

- Prepared the Project cost estimate, monthly job cost report, client invoicing and yearly budget plan of three projects with cumulative value of 1500 crs.
- Efficient at preparing project risk management, assessment and mitigation plan

Project Management

- Initiated and monitored effective utilization of resources (manpower, material and machinery)
- Proficient in execution of multiple civil engineering structures
- Adept at handling multiple client and consultant

Teamwork & Leadership

- Experienced in handling team of 75+ members as a part of various infrastructure projects
- Imparted training to the regular staff, trainee engineers and workmen, on quality and productive execution practices
- Ensured and prioritized safe workplace for the team throughout the working hours

Certifications /Skills

- Laurelled for handing over project on time by the Honorable Chief Minister of Odisha and awarded as the fastest completed irrigation project in Odisha
- Awarded for contribution to 10 million safe-working man hours
- Awarded with best performing employee for executing and handing over projects on time by maintaining utmost safety and quality practices

Koundinya Kuchimanchi

M-Tech, Manufacturing Systems, JNTU
College of Engineering, JNTU,
Hyderabad, India

B-Tech, Mechanical Engineering, JNTU
College of Engineering, JNTU,
Hyderabad, India

Previous Employers

General Electric
QuEST Global Engineering
Services Pvt Ltd

Work Experience
5 Years

LinkedIn

Self-motivated engineering enthusiast with 5 years of experience in project management, performed engineering risk analysis, and provided solutions. Collaborated with multiple stakeholders across various countries, designed and implemented executable strategies for achieving product certification on time

Risk Analysis & Project Management

- Collaborated with Design, Manufacturing, and Testing teams for certification deliverables in compliance with the technical standards

Risk Analysis & Project Management

- Aligned with Customer and Blade Project Management team to understand the scope of the activities and develop executable strategies to meet program deliverables and timelines
- Coordinated with third-party certification bodies to manage project deliverables, budget, and timelines while executing certification activities
- Analysis of new customer leads for potential new markets
- Lead process enhancement and Lean initiatives and guided the team toward quality deliverables

Engineering Solutions

- Performed FE analysis of Aircraft fan blade and High-pressure compressor design for a Japanese client and provided concluding remarks for quicker decision making at the workshop
- Made productivity and decision-making tools for faster customer feedback

Achievements

- Impact awards for achieving first-time IEC-5 blade certification for LM 70+ and LM 80+ turbine rotor blades focusing on European markets
- Part of IEC committee from GE, took up a gap analysis project to make design, manufacturing, and testing guidelines in line with the market requirements
- On the Fly Award for automating on-job tool which improved productivity, June 2018
- Awarded for innovative ideas, policy-making, and technical related papers at IIT Roorkee, IIT Kharagpur, IIT Madras, NAPC, Technical symposium at QuEST Global, NCRTME
- Published papers in IJSER and IJSR journals
- Certified Scrum Product Owner
- Lean Six Sigma – Green belt

Nikhil Naik

B.E. Mechanical
Goa Engineering College, Goa

Previous Employers

JSW Steel Ltd
Lift controls Pvt. Ltd
Hydropneumatics Pvt. Ltd.

Work Experience
6 years 5 months

LinkedIn

Self-driven and result oriented professional with 5+ years of experience in Sales and Marketing and 1+ years of experience in operations management

Sales and Marketing

- Customer management of major OEM customers in Pune region
- Order negotiation and commercial terms finalization with project customers
- Increased business volume 3-fold over a period of 5 years in Pune region
- Achieved monthly sales of 41.6 Crores

Sales and Marketing

- Minimized stock yard inventory by managing direct supplies from production plant
- Introduced Chanel financing system for loyal customers to retain business by leveraging ease of cashflow

Business Development

- Developed major clients like Thermax India Ltd., Wirtgen India Pvt. Ltd (John Deere group)
- Established value-added steel with major clients like JCB and Valmont Structures in Hot rolled steel
- Introduced Schindler India Pvt Ltd in value added steel
- Developed value-added grade for Agri-equipment with 5%(Rs.3250/mt) additional price premium

Operations Management

- Managed production operations for precision flow measurement equipment's and fabrication
- Formulated the curve of flow nozzle in excel to reduce production time and improve quality
- Reduced production time by time study of processes and setting benchmark output

Awards & Certifications

- Certified Scrum Product Owner- 2022
- JSW Heroes- External stakeholder management – 2021
- Customer Focus- Harvard Manage mentor- 2020
- Crisis management- Harvard Manage mentor-2021
- Direct hardening alloy steels- Steel university-2021
- 1st place in Volleyball, State Level Secondary School Sports 2007.

STUDENTS PROFILE

Previous Employers

Reliance Jio,
McNally Bharat,
Jindal Steel & Power Ltd

Work Experience
11 Years

LinkedIn

Pankaj Jain

PGP – Advanced Construction
Management – NICMAR Pune

B.Tech – Civil Engineering, NIT Silchar

PMP Certified professional with 11+ years of diverse experience in Steel, Power and Telecom Sector. Possess strong skills in project planning and scheduling, monitoring project progress, ensuring control operations. Passionate about solving complex problems and delivering meaningful impact

Planning, Scheduling & Monitoring

- Preparation of project schedule(s) for complete life cycle of the project
- Monitoring project progress with reference to approved Baseline and reporting any deviations/delays to Senior Management Team
- Analyzing Critical path activities of the Project and highlighting the impact of delays on the Project completion date

Planning, Scheduling & Monitoring

- Forecasting the Resource requirements for the Project with required skill levels during various stages of the Project

Project Coordination

- Interaction with all disciplines of the organization to facilitate free flow of information for smooth functioning of the Project
- Arranging regular meetings with potential Sub-Contractors to measure their current performance and set targets for future performance
- Notifying all concerned parties for any delays using various Scheduling techniques

Achievements and Certifications

- Played crucial role during MRO project implementation in Gujarat Circle
- Worked closely with State Construction Head at Reliance Jio and transformed the Ranking of Assam circle from bottom to Top 03 position in the Organization within a span of 06 months
- Diploma in housing laws from Indian Law School, Pune
- PMP® certified Issued Jun 2021 - Expires Jun 2024 Credential ID 3017661

Co-Curricular

- Member of the Placement Committee, Office bearer - current PGPEX batch
- Jio Warrior award for social service during pandemic
- Preksha Meditation Level 1 Trainer

Pradeep Kumar Singh

B.Tech: Mechanical Engineering
(Amity University)

Minor Degree: Artificial Intelligence
(Amity University)

Self-managed and result-oriented professional with over 5.5 years of experience in Vendor Development, New Product Development, Project Management and VA/VE with strong techno-commercial expertise

Previous Employers

SMIHEL (A unit of Motherhood
Summi Systems LTD), Noida
IFB Automotive PVT LTD,

Work Experience
5.6 years

LinkedIn

Leadership & Stakeholder Engagement

- Provide day-to-day leadership for team and ensure ongoing communication with clients as the primary point of contact; manage several simultaneous projects as per APQP time plan and ensure goals, resources and budgets are aligned; monitor progress and deliverables against plans and mitigate issues when they arise

Product Development & Project Management

- Successfully Launched several products including Wiring Harness components, Seating systems projects, Door systems projects, Transmission systems projects, Latch systems project for leading automotive OEMs
- Successfully achieved cost saving worth Rs. 72 Lakhs in child part development through VAVAE proposal in design in car seating system project (MSIL Ecco)
- Completed New Development and prototype project for Hero MotoCorp. worth Rs. 2.5 Cr
- Managed vendor selection based on vendor capabilities; cost settlement, negotiations based on internal costing and breakup & audits

Continuous Improvement

- Implemented Kaizen in wire rope assembly unit, led to a saving of Rs. 48 Lakhs per annum
- Implemented production display system to improve productivity in EOL machines
- Automated manual testing of Hood latch resulting in cycle time and manpower reduction

Awards & Certifications

- Part of organizing team for INVEST, 5th Asian Value Engineering Conference 2016
- Completed 3 days training of IATF 16949-2016 for being Internal Auditor
- Completed 1-day industrial training on '4M change control' organized by MSIL
- Completed certified course on Robotic Vision (MOOC), Queensland University of Technology, Brisbane, Australia
- Member of SAEINDIA
- Certification in MS Excel
- Six sigma certification

Kelkar Nikhil Shashank

B.E (Mechanical Engineering), K.K Wagh Institute of Engineering Education & Research, Nashik(M.H)

A voracious learner with cross-functional experience in Design, Development, Technological transformation, Project management & Process Excellence. Demonstrated ability to turn around product profitability by deploying FMEA & DFMEA analysis using lean principles and cost optimization techniques. Recommended candidate for the Rank of Lieutenant in INDIAN ARMY which validated my qualities similar to an officer

Project Management

- Prepare project schedules and ensure timely completion
- Perform cost analysis and manage automation projects
- Collaborated with the engineering team and delivered projects in time

Previous Employers

NRB Bearings Ltd,
Aurangabad, Maharashtra

Work Experience
5 years 10 months

LinkedIn

Project Management

- Studied project proposals and helped in bidding
- Deployed Value Stream Mapping principles by eliminating Non-Value-Added activities that reduced lead time from 12 days to 10 days and bridged production demand
- Reduction in cycle time by 2 sec by providing design solution in filling machine. Increase in productivity of machine using design domain by 10%
- Process optimization by improving tool designs & implementing automated fixtures to improve cycle time, productivity & OEE of machines
- Reducing minor stoppages in machines by providing design & automated solutions. Designed a glass house using solar energy for drying of plastic cages which eventually reduced carbon footprint
- Initiated six automation projects that leveraged Lean Manufacturing Principles that reduced manpower requirement by 12%, increased productivity by 8%, and reduced rejections by 2%

Innovation & Technological Upgrade

- Designing, testing, validating, and implementing innovative solutions, Poka-yoke to the existing process
- Implementation of new technology for mass production using automated Solutions
- Led the change management initiative by implementing new technology in the manufacturing process thereby saving annual procurement costs by

Achievements & Certification

- Member of the Alumni Committee, Office bearer - PGPEX22-23 Batch
- Certified designer in PRO-E, AutoCAD & CATIA.
- Awarded "Value Champion" by Managing Director of NRB Bearings Ltd for exceptional performance as well as promoting NRB's Core Values
- State medalist in the game of Gymnastics

Harish Kumar Mani

Bachelor of Technology,
Amrita School of Engineering

Seasoned IT professional with 5.75 years of experience with cross-functional agile teams and delivering digital transformation projects for multinational clients in the Telecom domain. Experienced in client handling (UK), end users, and stakeholders. Tech-savvy and focused

Previous Employers

TATA Consultancy Services

Work Experience
5 years 9 months

LinkedIn

Product Development and digital transformation - Domain Consultant

- Lead Domain consultant for the development of AI-based Chatbot for real-time field activities
- Consultant for the automation of the design planning process and integration of various geographical systems and tools, for which I received a commendation award for extraordinary commitment and contribution towards process automation from the client

Product Development and digital transformation - Domain Consultant

- Crafted and designed a live production tracking system integrated with the process automation with the provision for handling multiple hand-offs and increased efficiency, leading to a 30% increase in the overall efficacy for a team of 180 associates

Strategic Planning and Operations

- Single-handedly trained and groomed a new team of 40 associates from multiple locations as a part of an expansion process
- Client-partner Manager (regional) for UK customers on day-to-day delivery and quality
- Proposed & implemented process changes on design planning of job packs to fibre engineers in the field, thus reducing the average production time and saving £18,500 YoY

Delivery Strategy Model Development

- Took on a pilot project which was critical to both client and our organization and proved the team's capability in handling the project within 45 days
 - Designed the process definition document and the complete workflow of the individual fragments of the entire process, with approval from the client as well as our higher management
- Established a stabilized team in three locations in a span of nine months ensuring the utmost quality of delivery

Key Skills and Achievements

- Won 3rd place in AGILE-A-THON event across the southern region by consulting for a DBMS project by addressing their specific pain-points
- Three times appreciated with 'Star of the Month' award for best performance
- DevOps, Telecom & Network Architecture, C++, Python, Agile Level 2 certified

Certifications

- Certified Scrum Product Owner (CSPO) - Scrum Alliance - 2022

STUDENTS PROFILE

Prakhar Sharma

B.Tech in Electronics and
Communication Engineering, 2012-16
Professional Brand Management
Certification from Karftshala, 2019

An ambitious, creative and optimistic individual with good communication skills, analytical mindset and problem-solving ability gained through solid work experience in designing, testing and analysing processes to increase the overall efficiency of operations & client delivery

Energy Trading & Risk Management

- Delivered profitable business decisions for 4 multi-national energy trading clients through customized solutions to accurately analyze risks
- Responsible for design and implementation of business processes related to various scenarios including Manual & Auto deal entry, Deal amendments/cancellations, Trade validation, Risk Mandates, On-demand reports, EOD runs/extracts

Previous Employers

EKA1 Software Solutions,
Bengaluru
Publicis Sapient, Gurgaon

Work Experience
5 years 9 Months

LinkedIn

Energy Trading & Risk Management

- Assign and oversee the daily tasks of technical personnel while ensuring all subordinates are actively working towards project goals

Application Development & Management

- Performed Business functions involved in Trade Life Cycle involving Trade booking, Validation, Trade Operations, Accounting, Settlement/Invoicing
- Handled Cashflow functionality, EOM data usage for Accruals processing, recategorization and optimization of Operation services to improve overall performance
- Quality Assurance - Regression, functional, interface and smoke testing of various business scenarios
- Hands on experience of Openlink Endur, Sybase, Core Java, SQL, Oracle

Stakeholder Management

- Facilitate discussions with the clients to elaborate on the areas of proposed improvements
- Analyze the problem by quantitative and qualitative analysis to arrive at an optimized solution
- Regular interaction with the client and the internal teams concerning project requirements, reviews and feedback during sprints
- Effective collaboration with internal / external stakeholders including partnering with other Business Management functions to achieve strategic alignment, requirements, reviews and feedback during sprints
- Manage a team of consultants to analyze, troubleshoot and resolve their workday issues along with removing roadblocks to facilitate teamwork and process integration across the team

Achievements

- Recognized for exhibiting company core values such as Leadership and Relationships among 54 employees, 2017
- Appreciated by leadership for improving the efficiency of a Risk Reporting System by reducing the execution time by 30%, 2018
- Awarded Synergy Award for effective & quick handling of a critical project by understanding a new capability & efficient implementation, 2019
- Client recognition for taking ownership of key deliverables during the crucial stage of a project and ultimately achieving successful delivery within time, 2020

Durga Satwik

PG DIPLOMA (Thermal power plant
Engineering), NPTEL DELHI
BTECH (Electrical & Electronics
Engineering), Raghu Engineering College

Diverse experience in strategy and operations with the core strength around process excellence, stakeholder management and planning

Previous Employers

Bharat Aluminium Company
LTD

Work Experience
5 years 6 months

LinkedIn

Lead Ash Dyke Management

- Stake Holder Management: Dealing with 5 to 10 business associates for daily activities. (Space optimisation, Truck Movement, Safety, Clearance for Ash Evacuation)
- Digitalization Project: Automated The weight bridge inside the plant and installed GPS trackers for around 300 Trucks for efficient tracking of vehicles' movement

Lead Ash Dyke Management

- Cost Optimisation: Started a pilot trial project with Ambuja Cement on a free of cost basis. Presently, Our cost through bulker 250Rs/ ton for around 160Km and through rake 300Rs/ Ton. After signing MOU for long term freight charge will be shared and the cost will be brought down to less than 200Rs/ton
- Finding new low-cost ash avenues

Operation & Strategy Management

- Led a team for the effective operation of the 1200MW (300MW*4) units by continuous monitoring of the process & equipment parameters
- Reduced throughput time of coal unloading to feeding in bunker which lead to major Inc In production
- Lead end to end delivery of a project using lean six sigma principles to reduce hot light up oil consumption to save Rs 1.2 million/year
- Experience in planning and implementing the plant maintenance in SAP by creating master data, equipment/general task lists, condition-based maintenance schedules, maintenance plan & different maintenance strategies for improving the overall reliability, safety of plant and machine

Achievements & certifications

- Received CEO Kitty for time period October 18-April 19, for contribution towards project "Reduction in Auxiliary Power Consumption"
- Received BU CEO Award for Highest ever ash utilization volume of 5 Lakh MaasT in a single month with highest ever utilization of 163% in a single fiscal quarter (Q3 FY21-22)
- Microsoft Power BI desktop for Business Intelligence from Udemy
- Lean Six Sigma Green Belt certified - Henry Harvin - 2022
- Certified Scrum Product Owner (CSPO) - Scrum Alliance - 2022
- Python for Data Science & Machine learning Bootcamp - Udemy - 2022

Pravin kr. Choudhary

B.E. Electronics & Telecom Engineering
(Dr. BAMU University ,
Professional Brand Management
Certification from Karftshala, 2019

Self-motivated and accomplished operation & Maintenance Excellence manager with over 12 years of experience in Pharmaceutical Plant Management, Project execution & Industry 4.0 implementation.

Previous Employers

Cipla Ltd
(Golden Cross Pharma),
NCVT Automation Surat

Work Experience

12 Years

LinkedIn

Leadership & Project Management

- Collaborated with team of 60 in the Erection & commissioning of OSD & INJECTION Pharmaceutical Mfg. unit
- Achieved turnaround management through effectively helping with cross functional team
- Achieved paperless operation by introducing E-BMR system for batch manufacturing & packaging tasks

Leadership & Project Management

- Documented and resolved std. maintenance practices which led to lower breakdown
- Worked over different vertical of Engineering Management to gain explicit & tacit knowledge of manufacturing plants Continuous Improvement
- Solar project implementation for reducing carbon foot print of Cipla factory
- Plant admin Engineering management
- Managed team of 25 staff members
- IT Section Head
- Instrumentation & control head of Sikkim Site(Cipla) Rain water harvesting
- CSR activity for Sikkim Schools & Community Development

Plant development

- Engineering & EHS KPI implementation for efficiency measurement & enhancement
- Lead investigator of plant deviation to identify bottlenecks.
- Developed new validation tests for Variable Geometry Turbo components, leading to closing knowledge gap
- Led a complex pollution control board ETP compliance & successfully closure of issues & compliance
- Managed deviations and open issues through technical risk assessments

Awards & Accomplishments

- Impact awards for achieving critical operation parameter record (E-BMR)
- eMES(manufacturing Execution system) award : prime importance as per cGMP rules for long term business survival
- CULTURAL Committee Head
- Green award for Paperless & digitisation mfg. operation
- Safety Champion Award For Ehs Policy & Sustainability Practices
- WHO GMP certification for pharma plant with key objective control as defined by the GMP regulations
- OHSAS 18001:2007 certification for Pharma plant ; with key objective: Emergency preparedness and response, Hazard identification, risk assessment and determining controls, Operational control, monitoring and improvement
- SPCB certification: ETP Safety Audit & Compliance for pharma
- Internal audits, & desktop audit compliances for pharma plant

Shivangi Pachori

B.E(Information technology)
Acropolis Institute of Technology &
Research, Indore (M.P)

Result oriented professional with 8 years of diverse work experience spanning across Leadership, Strategy & Planning, Information Technology

Previous Employers

Tata Consultancy Services
Teach for India
Triumphant Institute of
Management Education (T.I.M.E)

Work Experience

8 Years

LinkedIn

Stakeholder Facilitation & Management

- Was Associate for fellow selection, talent acquisition and fellow recruitment at Teach for India
- Strategized and implemented student council for developing leadership in students and helping in regular school functioning
- Started a mentorship program to connect alumni with current council of more than 250 students in Pune

Stakeholder Facilitation & Management

- Developed a mentorship program to train high school students to become mentors for junior students across 10 schools in Pune
- Trained students to design solutions around school problems and stand in top three across Pune city in city wide competition
- Designed student-led- TAP art club with one student leading a batch of 15 students across 10 schools in Pune
- Worked as faculty for T.I.M.E and trained around 3000 students for top B-schools of India

Leadership & Project management

Microsoft:

- As Release Owner, signed off the completed build of the tool by analyzing test parameters and test trends for different geopolitical regions
- Designed test cases for user interface testing, regression testing and load testing on various test environments like SCVMM, Hyper-V, ESXi, Windows
- Part of online marketing team for promoting MSN and Bing across different markets
- Created G-tracking file containing G-link to track download counts of screensaver or wallpaper for each market

Morgan Stanley:

- Designed detailed test cases for various levels of management (Financial advisors, Branch manager, Admin)
- Involved in Regression Testing, Integration Testing and User Acceptance Testing
- Tested ARS algorithm for calculating debit/credit of financial advisors & distributing households according to discretionary exceptions

Awards & Certifications

- Oracle PL/SQL Developer Certified Associate (2011)
- Microsoft Training Associate (2011)
- Awarded on the Spot award by TCS for giving quick relevant solutions for the team
- Event head at National Techfest organized by Acropolis Institute of Technology & Research, Indore

STUDENTS PROFILE

Sudhanshu Saurabh

B.Tech (Mechanical Engineering)

Previous Employers

Krishna Maruti Ltd.
Revolt Motors
Spinny

Work Experience
5 years 10 months

LinkedIn

Performance oriented professional with an experience of 5 years and 10 months in the automobile industry. An ambitious leader, team builder, and motivator with analytical problem-solving abilities, strong interpersonal and customer service skills and able to make decisions alone with confidence

Quality Assurance & Control

- Validation and part inspection, including measurements and material testing in accordance with standards
- Developed inspection guidelines based on several drawing iterations
- Supplier evaluation and ranking

Quality Assurance & Control

- Prepared the NCM and PPM reports
- Review of PPAP document, layout of supplier parts, and CAPA follow-up
- Limit samples verification and approval
- Product, process, and system audits of vendors
- Determined the root cause of equipment failure and implemented the solutions for correction

Project Management

- Led a complex project on troubleshooting of vehicle suspension noises and closed it successfully within the timeline
- Assisted in organizing and overseeing assignments to drive operational & organization excellence
- Helped with planning schedules and delegating assignments to meet coverage and service demands
- Created employee schedules to align coverage with forecasted demands.
- Reduced supply expenses, cut production costs and lowered financial expenditures to increase revenue
- Mentored team members to enhance professional development and accountability in workplace
- Established objectives to offer team members clear roadmap to help company achieve overall goals

Achievements

- Developed and put into use a SOP on vehicle quality, which reduced TAT and costs by 27% and 7% respectively
- Red Bin Analysis was successfully adopted at Revolt Motors, resulting in a seamless inventory management
- During the initial creation and execution of SOP, there was a 23% commonality done across processes, which led to time, investment, and cost savings
- A revised vehicle chassis using aluminium instead of sheet metal as the primary material resulted in a weight reduction of 21% and a 30% increase in vehicle efficiency

Sulabh Jangra

B.E. (Chemical Engineering)

Previous Employers

Jacobs Solutions
Glatt GmbH

Work Experience
7 Years 1 Month

LinkedIn

Dedicated professional in the field of Project Management and Process design consultancy across Life Sciences, Chemicals, and FMCG verticals. Led projects across the globe involving planning, scheduling, process excellence, strategy, customer interactions, cost and man-hours control, procurement, and stakeholder's coordination, while delivering quality products/solutions to the customer

Project Management and Leadership

- Led a team of 40 associates for Novartis's Biotech project in France with an investment of \$ 100 million
- Transformed Novartis Biotechnology centre's chaotic database to a central data centre through COMOS for better collaboration among the disciplines which further lead to savings of 12%

Project Management and Leadership

- Demonstrated result-driven collaboration with teams in India and Switzerland to reduce the cost of Engineering activities up to 40% for Lonza's vaccine facility
- As a Youngest Project Manager in the organization, led a greenfield facility for Reagents production plant for Horiba Japan which led to a reduction of costs up to 20%
- Completed IPCA's OSD facility feasibility studies before the deadline, which led to substantial savings in Project Management expenses
- Coordinated a brownfield project in Gujarat for Jubilant, the world's third-largest producer of Niacinamide and Niacin
- Collaborated with GSK to generate the Asphyxiation study documents and SOP to carry out Asphyxiation study for all GSK sites across the globe

Process Design and Engineering

- Process automation for various production plants - Bharat Biotech covid vaccine plant, Pfizer API plant, BASF chemical plant, PlasmaGen blood fractionation plant
- Generated various Process design flow diagrams with Visio and Excel
- Carried out Feasibility and Concept study for India's largest metformin tablet plant in Nagpur for IPCA with an annual capacity of 1 Billion tablets
- Completed commissioning, validation, and qualification activities for Biocon for their Mabs facility
- Carried out all phases of Engineering (Concept, Basic, and Detail) for multiple clients

Certifications and Recognitions

- Project Management Certification - IIM Rohtak
- Project Management Simplified certification
- Six Sigma - Green Belt
- Certificate of Distinction by Indian Institute of Chemical Engineers Chandigarh Regional Centre
- Awarded for the paper poster entitled on Biodiesel Production during 7th Chandigarh Science Congress CHASCON - 2013
- Certificate of Excellence for Course study in Sustainable Development under UN Conference on Sustainable Development (Rio +20 India Program)
- Volunteered for fundraising activities with the E&H foundation
- Volunteered at Indian Plastic Institute and arranged various events at the university level
- Published research paper in IJSET journal on the Sulphur recovery process

Sunny Kumar

PGPM - IBS Gurgaon
B. Tech (ECE) - AUR, Rajasthan

Accomplishment-driven Product Specialist with a rich experience of nearly 6 years' in Product Lifecycle Management, IOT, Industry 4.0 technologies including Product Innovation strategy, Solution Design, Prototyping, Product Development, Product Consultation & Product Marketing as well as Client Engagement, Vendor Management and end-to-end Agile Project Management

Previous Employers

Intellistride Technologies Pvt. Ltd. Bengaluru
Robert Bosch Engineering & Business Solutions Pvt. Ltd., Bengaluru
Barcode India Pvt. Ltd., Bengaluru

Work Experience
5 Years 7 Months

LinkedIn

Leadership & Entrepreneurship

- Partnered for a Start-up in emerging innovative technologies, responsible for technical advice on new product development based on Industry 4.0 benchmark to CEO, Channel Partners, CXO level clientele, key stakeholders for strategic Business needs

Product Development

- Spearheaded product lifecycle activities including concept maturation, design management, prototyping, product development, technical documentation, creating Proof of Concept, change management, issues control & resolution, customer segmentation, risk analysis, product launch, sales, cost management and quality control

Consulting & Solution Design

- Solution Architecture: Exhibiting technical expertise in consulting, designing & deploying IoT & Industry Automation Solutions with expertise in IoT Communication Protocols, IoT Hardware and IoT Software
- Designed & developed IoT Platform Ecosystem including Edge Sensors, Gateways, Aggregators & Actuators, Mesh Networks and IoT Cloud Services

Digital Transformation & Industry 4.0 Operational Excellence

- Analysing business processes, re-engineering complex processes and implementing Industry 4.0 Technologies to bring in scalable change for efficiency improvement, revenue maximization & cost control

Sustainable Business Growth Strategy

- Expertise in on-boarding & managing global clients by creating strategic account plan, leading client meetings and setting up governance structure, service delivery strategy, operation readiness & enhanced internal controls following Sustainable Growth Models

Agile Project Management & Software development

- Spearheading complete project management & SDLC activities including planning, impact analysis, scope management, solutioning, scheduling, activity sequencing and release management following Agile Methods; ensuring timely delivery of services for key global clients

Certifications

- German A2 Certificate, Goethe Institute (2022)
- Professional Scrum - Lean UX (2022)
- German A1 Certificate, Goethe Institute (2021)
- Project Management Professional, Google (PMI Partner), (2021)
- Scrum Fundamentals Certified (2020)
- Six Sigma Yellow Belt Professional (2020)
- SAP - Leonardo - Enabling the Intelligent Enterprise (2019)
- Extreme Networks, 3D Solution Selling, Sept (2017)

Suranjana Goswami

B. Tech. (Computer Science & Engineering), NIT, Agartala
Pursuing eMasters in Cybersecurity, IIT Kanpur

Software Development Professional in R&D and Quality Assurance with approx 6 years of experience in the Telecom & IT industry managing 4G & 5G Product developments and deployments across PAN India.

Previous Employers

Reliance JIO Infocomm Ltd,
Reliance JIO Platforms Ltd.

Work Experience
5 Years 9 Months

LinkedIn

Digital Transformation & Product Development (R&D)

- Member of core R&D software development team which pioneered 4G & 5G design and development of JIO In-house Telecom products
- Responsible for the replacement of third-party vendor messaging application software to JIO In House software

Digital Transformation & Product Development (R&D)

- Development & Deployment of Peer-to-Application (A2P-SMSC) for exchange of messages between customers and Content Providers for sending application-based messages (OTP, Promotional messages, etc.)
- Enhancement of A2P-SMSC to increase its scalability serving more than 9.5 bn messages
- Offered 5G support for P2P and P2A messaging applications
- Development of JIO's Online Charging System (OCS) for facilitating customer on boarding, Recharge, Usage and Billing

Troubleshoot, Maintenance & Enhancement

- Enhancement of products deployed in production by offering releases and hotfixes
- Root Cause Analysis of issues observed live in production and implementation of detect free solutions for the issues reported
- Troubleshoot issues detected live in production
- Increase scalability and robustness of applications live in production

Teamwork & Leadership

- Served as point of contact for other teams viz. System team, TAC team for bug fixing and enhancements of IPSMGW application
- Support for Release discussions and offerings with other teams
- Mentoring new joiners by facilitating knowledge transfer and Code Reviews of Products
- Assigning and division of work among subordinates ensuring meeting of deadlines
- Imparted training to the trainee engineers on Java, development and troubleshooting of the 4G application software
- Responsible for recruitment of Freshers and Laterals for organization and team

Achievements, Skills & Co-Curricular

- Serving as Class Representative and Office bearer - Student Affairs Committee of current PGPEX batch
- Received award as a team for valuable contribution in IPSMGW project for migrating 330 MN JIO Subscribers PAN India live in production.
- Certified in Computer Network Management from IIT Kharagpur
- Certified Scrum Product Owner - Scrum Alliance
- Cracked AIEEE 2012 and received admission offer from NIT Agartala
- Skilled in latest technologies including Aerospike and Redis database and development using Core Java
- Experience in developing products using SIP, DIAMETER, SMPP, HTTP protocols from 3GPP standards and RFCs

STUDENTS PROFILE

Ruturaj Darji

Bachelor of Engineering in Electronics and Communication from Atmiya Institute of Technology & Science

A team leader and team player with strong analytical problem-solving & communication skills with an experience in Project development of Industrial Automation and Instrumentation, troubleshooting & programming of DCS, PLC, and SCADA applications (Chemical, Pharma, Oil & Gas, Hydro Power Plant) for the past 8 years.

Project Planning, Operations & Recruitment

- Responsible for the development, testing, and execution of projects or service work from conception to implementation at the field level. (Project Development and Team Management)
- Responsible for customer interaction regarding the project and freezing the documents for the project development.

Previous Employers

GE Renewables
Yokogawa India Limited
Servilink Systems Limited.

Work Experience 8 Years

LinkedIn

Project Planning, Operations & Recruitment

- Responsible for giving the best technical solutions to the customer as per end-user requirements, to coordinate with customers for Commercial discussions
- Perform responsibilities of monitoring and supervising outside contractors during fabrication, installation and start-up activities
- Responsible for complete development of the project as per the philosophy and customer requirements
- Worked towards Team building skills
- Improvise solutions as per the understanding of the process & requirements and discussion with the customer
- Development of FAT, SAT and System Architecture with networking
- Commissioning of the plant at customer site
- Steering data analysis and performance gauging
- Interviewed over 70+ people for technical roles and positions

Awards & Accomplishments

- Engineered, Commissioned and handed over more than 17 fully automated plant projects while being part of engineering, procuring, designing, installing and testing of the same
- Engineered and Commissioned UPL's 1st 100 TPD spray dryer at united phosphorus ltd (UPL-5) at Jhagadia, Gujarat Unit
- Engineered and Commissioned successfully Stevia Powder Plant (Stevia One) in Peru, South America. Help customers to reach 96% purity of Stevia Powder with the help of Process people that too without any chemical

Certifications to be done

- Scrum PO.
- Scrum Master

Sanjit Sen

B.Tech. (Electrical), Motilal Nehru Naional Institute of Technology, Allahabad

A smart and intelligent result-oriented professional having Diverse Experience in Operations, Maintenance and Design

Previous Employers

NDPL
BSES Rajdhani Power Limited
Saudi Electricity Company
ESB International

Work Experience 16Years

LinkedIn

Leadership and Project Management

- Successfully completed the Testing and Commissioning Project of 380/230/115/13.8kv Shedgum-2 BSP in Kingdom of Saudi Arabia
- Commissioning of transformer feeders in Grange Castle substation in Ireland
- Experience in Saudi Electricity Company as Team coordinator to look after entire project of 380/230/115/13.8kV BSP in terms of testing and commissioning and a team of 5-10 testing Engineers from contractor

Leadership and Project Management

- Commissioning of 66/11 KV Dwarka G-15(Vendor-ABB) Grid Stations. It included testing of all electrical equipment, C & R panels, relay testing, protection scheme checking (CBFP, Reverse Blocking, etc) and modifications, as applicable

Operations Management and Design

- Review & approval of base/detail design packages for Transmission, Distribution lines & Substation projects, including schematics for 115/69kV & 69/13.8kV grid stations-69kV lines, 69/13.8kV transformers, 13.8 kV bus tie, bus bar protection, shunt Capacitors & outgoing feeders etc
- Preparation of Estimate & costing (BOQ's), feasibility and lay out of new scheme(Turn-key & Non-Turnkey Projects)in SAP
- Predictive Maintenance Programs and supervise it for protection systems at BSES Rajdhani Power Limited

Innovation and Agility

- Prepare Inspection & Test Plan (ITP), Test Reports and Test Procedures
- Analysis of trip events & offer recommendations
- Performing fault analysis, relay coordination studies and relay settings, reviewing engineering designs for MV & HV and EHV electrical substation projects; protection of high voltage substation equipment such as transformers, circuit breakers etc

Achievements and Certifications

- Power Distribution Management - National Power Training Institute, Faridabad, 10 weeks, July-Sep'2004
- Experience in SAP PM, MM modules, Python, Jupiter Notebook, IDLE, MS Office, & SPSS
- Received several Rewards and Recognition certificates from Toastmasters club
- Secured 656 Rank in WBJEE
- Secured second rank in Madhyamik Pariksha at school level

Saumya Dubey

BSc in Hospitality and Hotel Administration
- Indian Institute of Hotel Management &
Catering Technology
Public Relations, Office Bearer PGPEX 22-23

A confident, committed, and result-oriented professional with over 5 years of experience in the hospitality industry - Ability to adhere to budgets with a prime focus on the quality and profitability of operations.

Previous Employers

Leela Hotels
Marriott International
Taj Hotels

Work Experience 5 Years

LinkedIn

Customer Loyalty & Effective Customer Communication

- Successfully uplifted the organization's NPS through Medallia scores and TripAdvisor rankings
- Successfully launched Marriott Bonvoy (Merger of Starwood, Marriott, and Ritz Carlton in Food and Beverage Department- Westin Hotel Hyderabad)

Customer Loyalty & Effective Customer Communication

- Partnered with third parties such as YOU&I magazine, Eazy diner, and dine out for increasing market visibility of the organization during my tenure
- Maximized reach and business opportunities by leveraging alliances and local partnerships with brands like Mercedes, Harley Davidson; and Celebrities
- Introduced "Brunch delivery at your doorstep" concept during covid along with my team
- Introduced Doctor's group of 150 people (apollo hospitals) as quarantine guests' group - the only revenue floater during pandemic-2020

Operations, Sales, Employee Performance Evaluations

- Skilled in Micros, Opera, and Beverage Inventory system of hotels
- Successfully completed Mystery audits and Marriott finance audits for the department
- Planning departmental budget and Talent management
- Handled restaurant operations team of 91 at Westin Hyderabad - 427 keys and banqueting of 22000 sqft

Awards & Certifications

- Platinum star award -2015 & 2016 Taj Bangalore
- Senior VP Club Award - 2017 Taj Bangalore
- Manager of the Year - 2019 The Westin Hyderabad Mindspace
- Highest ESS achiever - 2019 The Westin Hyderabad Mindspace
- Times food & nightlife award - 2019, The Westin Hyderabad Mindspace
- Excellence in POS software skills - Shawman, Medallia, Opera, Micros Certified Trainer of Taj Hotels

Srishti Gupta

B.Tech (Biotechnology), Dr. APJ Abdul Kalam Technical University

Self-motivated and assiduous research professional with 5 years' experience in corporate research -Business & Market exploration, working across the industry verticals with expertise in the healthcare domain

Previous Employers

THB (Technology | Healthcare |
Big Data Analytics)
High Beam Global
AIG Business Solutions

Work Experience 5 Years

LinkedIn

Research Operations

- Analysis of real-world evidence and current unmet needs in Indian medical device and pharmaceutical markets, patient journey, treatment landscape, and product profiling supported by real-world evidence
- Managed the delivery of major strategic consulting engagements from inception to completion, incorporating design, plan, and management

Research Operations

- Prepared deliverables on client engagements whilst interpreting/analyzing key data and delivering high-quality research output, meeting client needs
- Deciphered research requests, scope and estimate the effort involved and map out the delivery plan
- Supported data gathering, mining, and ensuring data quality for Global benchmarking analysis. Strengthening the data collected through secondary data and information analysis refers to resources like annual financial reports, and market intelligence reports for validation purposes

Leadership & Project Management

- Executed business-critical projects ensuring business continuity during lockdown generating revenues of -US\$ 200K in 2020 for two leading US-based management consulting clients
- Led a team of 50+ analysts and senior analysts, to ensure team members perform to their best potential, and move up the learning curve
- Was involved in the performance evaluation of team members for the promotion and appraisal process
- Monitored weekly revenues generated by the team members on various projects

Certifications

- Executive Education Certification Program in "Data Analytics" - IIM Rohtak - 2020
- Microsoft Excel- Excel from Beginner to Advanced- Udeemy- 2020
- Data Visualization for Data Analysis and Analytics- LinkedIn Learning- 2021
- Tableau Essential Training- LinkedIn Learning- 2021

Co-Curricular & Achievements

- Member of the Placement Committee, Office bearer - current PGPEX batch
- Employee of the month for Sept'18, March & April'19, Sept & Oct'19, Special Appreciation Awards for Q1-2020 and Q2- 2021 at High Beam Global
- Rising Star of the Business Intelligence Department at AIG Business Solution for accurate quality of work, dependability & availability
- Volunteered with two NGOs to keep track and provide information about the COVID-19 resources (oxygen beds, ventilators, home care services, etc., to the patients and their families)

STUDENTS PROFILE

Pushendra Dagar

B. Tech- NIT Jaipur

A result-oriented and enthusiastic professional influencing operations, strategy, and process improvement across various industries including Oil & Gas and E-commerce

Previous Employers

Reliance Industries Limited
Swiggy, Jaipur rugs

Work Experience
7 Years 3 Months

LinkedIn

Operations Management

- Responsible for monitoring and analyzing plant production data, along with troubleshooting operational challenges and following action plans for operational upsets and emergencies
- Performed risk assessment and prepared contingency plans for routine as well as high-risk activities
- Analysed data of equipment's failures to create leaner maintenance schedules by using statistical tools, cutting vendor requirements and saving \$6M operational expenses annually

Operations Management

- Monitoring real-time operations service levels and scheduled adherence
- Drive efficiency by maximizing Delivery executive utilization across

Project Management

- Worked on the project of the commissioning and installation of an onshore terminal booster compressor, in the plant
- Collaborated with a cross-functional team and developed a viable strategy to sustain production in declining phase of product life cycle, increasing revenue by \$150M and extending field life by two years
- Project on the governance of the Instant gratification of coupon code to increase customer experience
- Reduced cost per delivery of an order leading to a cost-benefit of \$12M yearly

Extra-Curricular Achievements

- Member of PANKH initiative, taught 200+ underprivileged students

Rachit Mehrotra

B.Tech Mechanical Engineering
(Gautam Buddha Technical University)

Self-motivated and Dynamic automobile enthusiast with over 8 years of experience in Product Development, Technical Project Management and Project Coordination

Previous Employers

Mahindra and Mahindra Ltd

Work Experience
8 Years

LinkedIn

Leadership & Stakeholder Engagement

- Executed business critical projects ensuring business continuity, Revamping Mahindra LCV line up to help sustain the legacy of durable, powerful and no. 1 vehicle in the market
- Delivered 2 platforms branded as Mahindra FURIO range of vehicles
- Performed as a consultant for UPP a game changer SCV product planned to launch in 2025

Product Development & Product Management

- Vehicle architecture and hardpoint finalization for the platform
- Budget preparation and vehicle cost, weight, performance target setting and meeting those targets
- Lead the product development system for engineering deliverables
- Lead vehicle overall quality evaluation plan
- Lead the vehicle prototype and validation cycle

Continuous Improvement

- Led the vehicle prototype and validation cycle
- N1 and N2 category vehicle regulation scope definition and budget preparation
- Emission road map planning and implementation from BS6 to BS 6.2 to electric vehicle scope definition
- Modularity and commonality within platforms and cross platforms

Awards & Certifications

- Quarterly Divisional Excellence Award for platform delivery. (F21)
- Quarterly Divisional Excellence Award for cabin BIW and chassis design for Air bag design protection. (F22)2)
- Excellence Award for UPP regulation scope and budget preparation (F22)

6 Years 1 month

LinkedIn

Rajath Rajendran

B. Tech (Electrical & Electronics Engineering), Calicut University
Postgraduate Diploma in Operations Management from IGNOU University(Pursuing)

Competent Professional having experience in leading teams for Detailed MEP Engineering works, Project management, Vendor Management, Financial Analyst, Billing, Design, Estimation and safety

Vendor Management

- Increased the number of vendors on the company's vendor list by offering technical and commercial comparisons
- Many well-known vendors were included, resulting in a significant reduction in the tender cost
- Techno-commercial meetings with vendors to discuss rate negotiations and feasibility in light of the project's timeline

Engineering & Project Management

- MEP Engineer for various Hospital, Residential & Commercial projects AutoCAD 2d
- Streamlined project tasks which lead to a 20% reduction in average workflow execution time
- MEP works of MVR Cancer center hospital (7.5 lakh sqft) was completed and hand overed in a span of one year
- As a consultant, coordinated with various consultants, architects, client, contractors & vendors for ensuring the feasible and cost elective designs
- Designed and drafted electrical layouts, conduit layout, wiring scheme and single line diagram using Auto CAD 2D
- Developed DBR (Design brief report) & BOQ required for the project including commercial terms & conditions, costing & estimation of the project
- Approved the bills of Electrical and Elv works as per work done on site and as per work order clauses project
- Prepared and issued work order, LOA, LOI, purchase orders, Amendments, Techno commercial statements as per approved technical specifications of work along with approval and signature of MD
- Project scheduling Micro and macro in coordination with civil works
- Prepared Monthly Progress report, weekly Progress Report & weekly safety reports of various projects

Certification

- AutoCAD 2d
- Certified Scrum Product Owner
- Six Sigma Certification

Previous Employers

JSW Steel Ltd.

Work Experience

8 Years 8 months

LinkedIn

Ramit Datta

Bachelor of Technology (Material Science and Metallurgical Engineering) Maulana Azad National Institute of Technology, Bhopal.

Highly motivated, research-oriented professional with experience in managing and leading the operations team to drive revenue growth, technical productivity, and high-quality product delivery while building relationships and ensuring strategic plan integration

Operations Manager- JSW Steel

- Created and implemented maintenance plans and schedules for smooth operations and annual turnarounds, with a focus on maximising manpower and material utilisation
- Coordination and management of troubleshooting and breakdown/preventive/ shutdown maintenance to keep downtime to a minimal level

Operations Manager- JSW Steel

- Facilitating investigations in Defects and Deviations using Corrective Action & Preventive Action (CAPA), and corrective action is taken to prevent recurrence by eradicating root causes
- Standard Flow Chart documentation and implementation for each steel grade

Technical Expertise

- Finding process deviations by analysing process parameters in CONARC(EAF) and LF by Data analysis of all process deviations, including quality defects and chemical deviations
- Creating and implementing new training methodologies to ensure maximum on job training effectiveness

Awards & Accomplishments

- Patent Applied
For 100% HM heat stabilisation in EAF (CONARC) Furnace, FY 19-20
Active Member in Triple Lance Design in CONARC Furnace, which has been in operation since May, 2015
- Received an Appreciation Letter for Increasing blow rates and reducing tap-to-tap cycle time to 65 minutes, with direct operating revenue benefits
- Six Sigma Yellow Belt Certified professional
- Making zero-power heat in a CONARC furnace without arcing (100 percent HM) heat
- Presented & Published in Souvenir; A Paper on "Role of Microwave - Materials Interaction on Processing" in International Conference on Microwaves, Antennas & Radio Sciences, Dec - 2012.

STUDENTS PROFILE

Suresh Verma

BE Computer Science

Professional with over 15 years of progressive experience in IT, Training and Consulting improving business processes, increasing revenue and retaining loyal customers in multiple locations. Strengths include financial administration, team leadership and attention to detail and excellence

Previous Employers
Union Bank of India

Work Experience
15 years

LinkedIn

Financial Administration

- Forecasted trends and recommended improvements based on financial risk analyses
- Identified partnership opportunities and established favourable business connections
- Boosted sales and customer loyalty

Financial Administration

- Enhanced branch production rates by handling staff conflicts, evaluations and coaching employees on company protocol and payroll operations

- Identified business development challenges and customer concerns for proactive resolution

Project Management

- Developed and initiated projects, managed costs and monitored performance
- Updated operational methods and oversaw accounting procedures for improved efficiency
- Met project deadlines without sacrificing build quality or workplace safety
- Managed projects from procurement to commission
- Drove team success through shared vision and recognition of quality performance

Sushen Das

Bachelor in Pharmaceutical Technology(Jadavpur University)

Over 7.8 years of experience in the field of Strategic Marketing and Sales in Pharma

Previous Employers

BSV
Cipla
Abbott Healthcare
Modi-Mundi Pharma Ltd.

Work Experience
7 Years, 8 Month

LinkedIn

Strategy & Marketing

- Planned and Established a New patented molecule LCZ696 (in-licensed from Novartis) in the Heart failure segment for Cipla in Kolkata & Bengal Region
- Established the concept of a lifesaving Heart Attack clot bursting high-value injection Reteplase in Eastern India. (At Abbott)
- Additional responsibility to work as a Negotiation specialist at BSV and Cipla to generate business leads from Hospitals

Strategy & Marketing

- As a Scientific Business Manager in Cipla, other than marketing, have a responsibility to give induction training on products to the new joiners
- Designed and build a fast response team in Abbott for delivering critical lifesaving injections within 75 minutes of initiation

Business Generation

- Monthly sales increased from near 0 to 7.5 lakh within the first year of the product launch. (Cipla)
- In Abbott, explored many untapped areas, and added an additional 1.5 lakh sales into our business unit

Certification

- Certified Scrum Product Owner (CSPO) certified
- Google Digital Marketing certified
- Prima (Structured Pharma Marketing) & Magna (specialized Customer Understanding) certified in Abbott Healthcare

Co-Curricular & Team work

- Joint treasurer of Jadavpur University Pharmaceutical Dept. golden Jubilee (1963-2013) celebration
- Two times Elected Class Representative of pharmaceutical technology-2013 batch from August 2011 to July 2012
- Lead the transport team for managing 1000+ delegates in International Society for Ethnopharmacology Conference in 2012 held in Kolkata

Swastika

B. Tech Electrical and Electronics Engineering (Sam Higginbottom Institute of Agriculture Technology and Sciences, Allahabad)

Result-oriented professional offering nearly 8 years of experience in the Banking Industry, in search of an organization of high repute in Marketing Strategy and Operations, Project Management, Product Management and e-commerce Sector

Project Management

- A versatile Bank Manager with proficient knowledge on managing customer bank accounts by opening, closing and administering transactions; familiar with banking software including excellent use of MS Office.
- Hands-on experience in resolving issues with banking services and accounts and performing administrative duties (e.g. entering data into banking software)

- Recipient of Gold Medal in Bachelor of Technology
- Received "Best Student" Award in the university
- Badminton and Carrom Champion at district level
- Represented State in Tennis Ball Cricket at National Level
- Specialist in Karate (4th brown belt)
- KPMG Six Sigma Green Belt-Undergoing
- Classical Music (Graduate)

Umesh Dasur

B.E – Mechanical Engineering, Maharashtra Institute of Technology, Pune

Systematic problem solver, good planner, can break big tasks into small manageable tasks. Good with new process implementation, expert in cross cultural team management, creative in operations management

Procurement Department Head

Led a team of three Thai members in NEA SEA, and was responsible for functioning of department in which Applied target-oriented practices in

- Development of long lead & expensive equipment's vendors, as well many local fabrication vendors (non-long lead) - resulted in cost savings and reduced dependency on one vendor.

Impact - cost savings of 1.5 cr INR.

Previous Employers

Neuman & Esser
Polyplex
Thermax

Work Experience
13 years

LinkedIn

Procurement Department Head

- Collaborated with inter departments & implemented a process to handle SCM related documents in one place. Without SAP, this has been a challenge since long time.

Impact - reduced email exchanges by very a big number. And all documents are saved in one place. Overall turnaround time reduced

Project Engineer

- Single point contact to the client for the project of reciprocating compressors from Start to finish
- Attended KOM & Hazop meeting at client location - several international locations
- Provided major inputs to develop cooling water standardized module
- Reviewed technical datasheets & drawing. Impact - zero technical deviations took on 2 machines for Malaysian project for Shell refinery
- Extensively moved stocked valves, flanges from inventory to reduce the inventory & save cost

Certifications

- FIDIC - Conditions of Contract
- Shell & Tube Heat Exchanger types & selection - for optimized selection during bidding stage
- ARIBA - for e-procurement, used mostly for reverse auctions
- Advanced Excel & PowerPoint
- CPR, FIREFIGHTING: Demo for CPR & fire extinguishing practise using various fire extinguishers
- Certification in Python & R-Programming
- Ongoing certification in 6 sigma - green belt from TUV

Certifications

- Serving as the Class Representative, Office bearer - Student Affairs for the current PGPEX batch
- Served as in charge of food committee for 50 expats, while working in Thailand
- Active golfer - played golf at various golf courses. Best score is 97
- I was promoted 2 times in 2 years
- Received first prize in slogan writing competition organised by the Office of the Commissioner of Customs (Preventive) - NER

STUDENTS PROFILE

Umesh Mishra

B.TECH. Mechanical Engineering (SRM University, Chennai)

Previous Employers
Hyundai Motor India Limited

Work Experience
5 years 9 months

LinkedIn

An aspiring, diligent and passionate working professional with an analytical mindset, strong interpersonal skills and swift problem-solving ability developed through diverse work experience spanning across Leadership, Strategy & Planning, Product development, Sales & Marketing, Customer Service, Training & Development

Value Establishment & Stakeholder Management

- Commended for managing more than 85 dealers by ensuring more than 90% customer delight & by achieving more than 25% revenue consecutively in three quarters

Work Experience
8 years 9 months

Diverse experience in strategy and operations. With the core strength around process excellence, stakeholder management, marketing and product information management

Project Management

- Lead the team of 10 Members in projects department
- Completed successfully green field projects like formulations and different API drug manufacturing facilities worth 2000 Crores. Lead a team of Engineers from Siemens, ABB for various Automation projects

Project and People Management

- Managed installation, testing, commissioning of 33KV transformers and 11kv generators worth 20 Crores.
- Part of team to implement Open Access open power trading which saves budget of approximately 15 lakhs per month
- Successfully completed USFDA, WHO audits without any observation

Operation Maintenance

- Lead a team of 12 members for daily operation of plant without any downtime
- Troubleshoot HV-LV electrical equipment failures and recommend solutions to avoid recurring issues
- Plan annual shutdown, manage inventory and assist in plant start up while following highest work safety standards

Achievements & Certifications

- Best Employee Award for the year 2020-2021
- Best innovative project in Electrical Project design
- Certified Scrum Product Owner (CSPO) - Scrum Alliance - 2022
- Lean Six Sigma Green Belt certified - Henry Harvin - 2022
- Power BI certification from Simplilearn
- Excel for Data Analytics from Simplilearn
- Operation Management from Edex

Vikash Kumar Chauhan

B.E. (Marine Engineering) Marine Engineering and Research Institute, Kolkata/ Jadavpur University

Experienced marine professional with 10+ years of demonstrated history of managing installations, operations, and maintenance of shipboard plants and equipment. Proficient in multinational stakeholder management, inventory management, workforce utilization planning, and workflow optimization. In-depth domain expertise in automation, mechanical & electrical systems, hydraulic and pneumatic control systems, along with prowess in conceptualization and control of system architectures.

As part of the vessel management team, administered and collaborated with crew and officers from 15+ nationalities across domains

Previous Employers

NYK Ship management Pvt Ltd

Work Experience

7 Years 3 Months

LinkedIn

Project and People Management

- Supervised installation project for Ballast water treatment plant worth \$5Mn at Varna, Bulgaria
- Facilitated purchase operation for U.S.D 15.2 million worth vessel by preparing a takeover report while acting as a technical expert
- Achieved 7% hike in vessel freight rate by Conceptualising and executing end to end solution for conversion of fuel oil tanks, ensuring regulatory compliance in US and Canadian waters

Operation Management and Process Improvement

- Generated 5% reduction in monthly operational cost of the ship through improved Inventory management
- Achieved 60% reduction in the number of accidents by improving safety processes for 30 engine room jobs
- Led a 25-member team to conceptualize and implement a waste-management plan, reducing operational costs by 1.5% and thus winning the Best Turn Over Ship Award-2015
- Reduced 30 minutes of daily labour hours and saved \$10K+ monthly on fuel oil cost by optimising changeover of the Fuel oil transfer system

Awards and Certifications

- Awarded the prestigious Annual Green ship Award for reducing carbon footprint by 22.5 MT for cargoes delivered
- Best All-rounder award for consistent performance in undergraduate college
- Awarded for Best Technical paper presentation on futuristic engine manufacturing technology
- Maritime Resource Management (ALL Academy)
- Sansad'19 The National Youth Parliament as Shashi Tharoor
- Rajeev Gandhi Talent Show (Debate competition) 2019
- Sansad'22 The National Youth Parliament
- Patna Half Marathon March'22

Vikrant Goyal

B. Tech. Dairy Technology (Maharana Pratap University of Agriculture & Technology, Udaipur, Rajasthan)

Deadline oriented Process Engineer with substantial experience in engineering principles, project management, and safety protocols. Strategic thinker who focuses on increasing efficiencies by evaluating and optimizing processes

Previous Employers

IDMC Limited
URMUL Dairy

Work Experience

5 Years 8 Months

LinkedIn

Project Management

- Designing process solutions for the food industry, executing P&ID, layouts & installation drawings
- Preparing line functionality descriptions for automation engineers and technical specifications for equipment
- Developing & improving customers' plants regarding performance, safety & quality

Project Management

- Training plant executives regarding equipment, SCADA, HMI & MIS operations, and troubleshooting breakdown
- Production planning & control by formulating & executing production plans and manpower schedules

Projects Executed & Accomplished

- 5 LLPD Liquid Milk & Product Plant at OMFED Dairy, Arilo-Govindpur, Odisha
- 2 LLPD Butter Milk plant for UHT Processing & Packing at Banas Dairy Palanpur, Gujarat
- UHT Preprocess Project for Buttermilk & Amul Tru at AMULFED, Gandhinagar, Gujarat
- MDFVPL 5 LLPD Plant at Bhiwandi, Maharashtra
- PCDF 1 LLPD Multi Dairy Food Project at Moradabad, Uttar Pradesh
- VERKA Dairy 3.7 LLPD FERMENTED PRODUCTS PLANT at Mohali, Punjab
- MDFVPL (Mother Dairy) 1 LLPD LIQUID MILK PLANT at Motihari, Bihar

Professional Achievements

- Commissioned and handed over 7 fully automated state of art Dairy/Food processing plants while being part of the Design, Supply, Installation & Testing of the same. (80% of Projects cost > Rs.50 crores)
- Received certificate of excellence for commissioning of 5 LLPD dairy plant at MDFVPL, Bhiwandi, Maharashtra)
- In performance assessment for the year 2018-19 have been rated as "Exceptional Performance" from IDMC Ltd. And was among the highest performers of the company throughout my experience
- Led the team and Commissioned plant during Covid period at MDFVPL, Bhiwandi as being part of essential services to meet the demand of Mumbai market for Market Milk and Dairy products

Extra-Curricular Activities

- Member of Cultural Committee, Office bearer-current PGPEX Batch
- First Position in Ad-Making Competition in National Level Tech-Fest, "ADROIT-13" at CFPTB, AAU, Anand
- Represented college 2 times in NPD at in National Level Tech-Fest, "ADROIT-13 & 14" at CFPTB, AAU, Anand
- School Rank 1 in National Science Olympiad & International Informatics Olympiad

STUDENTS PROFILE

Shubhang Mehta

B. Tech (Electrical & Electronics Engineering), Amity University, Noida

Entrepreneur with over 5.8 years of experience in Product Development, Entrepreneurship, Marketing, and Operations

Previous Employers

TCS
Edbuddy
Vacci (Own Startup)

Work Experience

5 years 8 months

LinkedIn

Leadership

- Executed Built a luxury beauty product brand alone, Vacci operated in all the "Tier I" cities and Ten of "Tier II" cities across Madhya Pradesh
- Ideated and implemented a unique product delivery solution that led to an increase in revenue by 58%.
- Surpassed break-even within one month of operations generating average revenues of 25,000 INR per month

Leadership

- Implemented innovative branding and digital marketing strategies to increase brand outreach by 43%.
- Led 2017 Thane batch trainee in TCS.

- Process evaluation as per IATF audit guidelines and implementation of key technical changes in liaison with Production and Marketing team

Awards & Certifications

- Rewarded as an "Excellent performer" twice in a row during training and probation completion period
- Won the Achievement award twice for modification in mill resulting in improvement in OEE from 45% to 64% and saving of 10 cr per annum loss
- Awarded certificate of appreciation from CEO for exemplary performance in sustaining and excelling practices of "Failure Mode And Effect Analysis Module"
- 6 Sigma Certification- Ongoing
- IMS Internal Auditor Certification- Ongoing
- Certified Scrum Product Owner (CSPO), Scrum Alliance

Gaurav Sinha

B. Tech (Electrical & Electronics Engineering), Amity University, Noida

Previous Employers

Ericsson Global India Limited

Work Experience
5 years 6 months

LinkedIn

Professional with over 5.5 years of experience in IT/Telecommunication, RF-Optimization, planning, and lead generation. An energetic individual with a keen interest in serving society at large and engaging in various CSR activities

RF Optimization & Planning - SPRINT

- Analyzed various RF-related issues, Recommended and implemented various solutions for the customer
- Performed PCI, RSI, and TAC planning for Sprint 4G network in North-East America
- Formulated and imparted OJT to fellow colleagues and new joiners on CDMA/EvDO Carrier Frequency retune, CDMA/EvDO Carrier Harvesting process, and implementation (NOKIA)

RF Optimization & Planning - SPRINT

- Developed VBA-based automation to create scripts for golden parameter settings on new sites, reducing man hours from 3 hours to 10 minutes in

Proof of Concept experience - Lead generation

- In the process, we as a team of 6 members including our Project manager, presented a proof of concept for Sprint Nokia CDMA network transition to the T-Mobile Ericsson CDMA system over to T-Mobile
- Lead the Nokia technical team in the POC presentation with minute parametric details required in the CDMA swap project

RF Drive support & New site reporting - T-Mobile Excalibur

- Revenue generation model under this project was @2100\$/SSV report & @Rs.2200\$/SSS report
- I prepared, submitted and got 112 SSV and 98 SSS reports approved in the span of 7 months
- Thus, generating revenue of 450000\$ for Ericsson India

Certifications

- Certified Energy Management Systems Professional Training conducted by British Standards Institutions (BSI) - 2014
- Certified Quality Management Systems Professional Training conducted by British Standards Institutions (BSI) - 2015
- Six-week winter training in RTOS at CETPA Infotech (ISO 9001 certified) - 2015
- Certified in French language proficiency, Amity University - 2016
- Certified in Behavioural Science course, Amity University - 2016
- Automation 101 certification at Ericsson - 2021
- Certified PMP course - ongoing

Awards and Recognition

- Power Award in Q4 2021 at Ericsson Global India Ltd. for continued effort in the TMO Nokia MVS project
- Recognized as Key Contributor to Ericsson in March 2021
- Employee of the month award in June 2021 at Ericsson Global India Ltd
- ACE Award in Q3 2020 at Ericsson Global India Ltd. for contribution to POC creation and submission for the CDMA Swap project
- Achieved AIR 35 on merit at FSI 2016, representing Team Amity Motorsports

CSR Activities

- Member of Ericsson CSR Group, Noida in the years 2018-2021
- Organized and participated in various CSR activities for the firm (Share an inspiring story with kids, blood donation camps, Diwali gratitude cards for soldiers, renovation/painting of a school for the underprivileged, etc.)
