ABOUT IDEA/VENTURE

TheLummi.com is an innovative digital venture founded in Meghalaya, designed to simplify the way people discover and book events, venues, and hotels through a single integrated platform. The app offers a seamless experience where users can explore a curated list of event venues, planners, and hospitality options without the need to visit each location individually. It aims to bring convenience, transparency, and accessibility to event and travel planning across the region.

PROFESSIONAL EXPERIENCE

He serves as a Project Manager at NEIGRIHMS, Shillong, bringing extensive experience in project planning, coordination, and execution.

Ebor Tre Kyndiah

Ebor Tre Kyndiah is the Founder of TheLummi.com, an innovative digital platform designed to simplify event and hospitality bookings across Meghalaya and beyond. With a strong vision for technology-driven convenience and accessibility, he strives to connect users with curated lists of event venues, planners, and hotels through a single, seamless interface. His work reflects a commitment to digital empowerment, regional entrepreneurship, and customer-centric innovation, creating smarter and more efficient solutions for the modern event and hospitality ecosystem.
