ABOUT IDEA/VENTURE

SPGifts is a professional 3D printing business specializing in personalized gift products designed to suit individual preferences. We create a wide range of custom items, including lightboxes, photo frames, keychains, cake toppers, and many other unique gifts. Our work also extends to seasonal and festive products such as Christmas ornaments and New Year gifts. With a strong focus on customization, we aim to bring each customer's ideas to life-whenver it is technically possible to do so. At SPGifts, we combine creativity, precision, and attention to detail to deliver thoughtful, meaningful gifts for every occasion.

PROFESSIONAL EXPERIENCE

He has previously served as an Assistant Teacher in 2018, where he developed strong communication, coordination, and mentoring skills. His teaching experience continues to shape his professional approach, enabling him to understand people's needs and deliver thoughtful, customer-focused solutions.

Miki Rahnam Rabon

Miki Rahnam Rabon is the Founder of SP Gifts, an entrepreneur driven by a deep passion for creativity, innovation, and personalized design. Under his leadership, SP Gifts has grown into a dynamic 3D-printing venture that specializes in crafting customized gift products for individuals, businesses, and special occasions. With a strong commitment to quality and meaningful craftsmanship, he ensures that every product reflects precision, care, and the unique vision of each customer. Through SP Gifts, Miki continues to transform ideas into tangible, memorable creations—placing innovation and customer satisfaction at the heart of his work.
