and Manifestation

Pre-Conference

30th - 31st January 2027

Conference

1st - 2nd February 2027

Conference Overview

The International Marketing Conference (iMarC), hosted by the Indian Institute of Management Shillong, is a premium annual forum for marketing scholars, industry practitioners, and policymakers from around the world. Since its inception in 2021, iMarC has facilitated meaningful dialogue on emerging trends, innovative strategies, and pressing challenges shaping the marketing landscape. The conference offers a dynamic and collaborative platform for interdisciplinary engagement, fostering the exchange of cutting-edge research and practical insights.

With a strong emphasis on relevance, impact, and future readiness, iMarC continues to advance the frontiers of marketing thought and practice. By encouraging interdisciplinary insights and forward-looking discussions, the conference seeks to shape resilient, responsible, and future-ready marketing ecosystems. It further promotes knowledge co-creation and actionable outcomes, reinforcing its commitment to bridging theory and practice in meaningful ways.

Objectives

Marketing Conference is to provide a platform for discussing, deliberating, and sharing knowledge on how organizations can effectively align mission-driven values with measurable business outcomes, and translate them into meaningful actions that create sustainable and impactful value.

Theme

"Marketing for the Future: Merging Mission, Metrics, and Manifestation"

This theme captures the imperative for organizations to move beyond fragmented strategies toward true alignment of purpose, performance, and practice.

In today's hyper-aware and data-rich environment, consumers demand not only authenticity but also verifiable impact, making superficial messaging increasingly ineffective. Metrics provide the rigour to track performance, but it is the mission that defines strategic direction and creates deeper meaning. Manifestation bridges the gap between intent and reality by ensuring that brand values are consistently experienced across all touchpoints. Together, this integrated approach enables organisations to build enduring trust, sustain relevance, and drive long-term value in an increasingly conscious and accountability-driven marketplace.

Who should attend?

Students, Academicians, Corporate professionals, and Government bodies.
